

'Hey! What's the Idea?'

## Final Bulletins

### Canadians in Burma

RANGOON, Burma (CP)—The Canadians of the R.A.F. are among the Imperial airmen now in Burma. It was indicated tonight, following announcement that reinforcements had arrived at this important British west flank to the Japanese in Malaya.

### Senior R.C.A.F. Man Coming Here

MONTREAL (CP)—Group Capt. A. L. Morfee, senior administrative officer at R.C.A.F. Command headquarters here, has been posted to Western Air Command headquarters at Victoria as senior air staff officer.

### 25 Fishermen Out

NANAIMO (CP)—Federal government regulation banning Japanese from fishing on the British Columbia coast, affect 25 fishermen residing in Nanaimo and at Departure Bay, a member of the local Japanese colony said this afternoon.

### Protest Death Mine

NORDEGG, Alta. (CP)—Prior to the explosion which killed 29 men in the Brazeau coal mine here Oct. 31, mine union leaders last year made formal complaints three times to the mine manager and once to the general manager about gas conditions in the pit, the Evening Royal Commission was informed today.

### Jap Restrictions Called Too Narrow

VANCOUVER (CP)—E. B. McMaster, secretary of the United Commercial Travelers, said this afternoon the organization is drawing up a petition asking that all persons of Japanese origin be removed from British Columbia.

He expressed dissatisfaction with measures announced at Ottawa today barring Japanese aliens from "protected areas" in B.C., and said they should be extended to all of Japanese origin, whether naturalized or not.

Alderman Halford D. Wilson said of the Ottawa announcement: "It is splendid as far as it goes, but I doubt if it goes far enough."

Satisfaction, however, was expressed by Dr. George A. Ishiura, president of the Japanese Canadian Citizens' League, who said he thought "the government has taken the best possible steps to safeguard our Pacific coast."

It is estimated some 5,387 of the 23,452 Japanese in British Columbia would come under the "alien" classification since they are without citizenship.

### Millions Saved

WASHINGTON (AP)—The United States Treasury announced this afternoon that American authorities had destroyed or removed "many millions of dollars" worth of assets in the Philippines to prevent them from falling into the hands of the invading Japanese.

### Support for Australia

OTTAWA (CP)—"If Australia wants anything from Canada she will get it," Maj.-Gen. Victor Odum, Canada's new High Commissioner to Australia, said in an interview broadcast by the Australian radio today and picked up at the CBC listening post.

### Subs Off New England?

WASHINGTON (AP)—The U.S. navy reported this afternoon an American tanker was awash 60 miles south of Block Island, off the New England coast, and said the submarine menace to Atlantic coast shipping was increasing.

### Not Surprised

VANCOUVER (CP)—Capt. Lord W. J. M. Watson-Armstrong, consul-general of Thailand, said here this afternoon news the Dominion government was closing the consulate-general in Vancouver came as no surprise.

# Ottawa Issues Orders on Japs

## Production Boss To Shake Up Whole U.S. Plan

WASHINGTON (AP)—The new war production boss, Donald M. Nelson, told the army, navy and Office of Production Management today that he is ready to shake up the entire United States defense set-up if necessary "to lick Hitler and the Japs."

"Any organizational changes that have to be made in order to do this job will be made," Nelson declared in a letter to William S. Knudsen, O.P.M. Director-General; Under-Secretary of War Robert P. Patterson, and Under-Secretary of the Navy James V. Forrestal.

**LOSES NO TIME**  
The letter marked Nelson's first official act since his selection late Tuesday by President Roosevelt as the one-man head of the nation's entire war production and procurement machinery.

"We have just one job to do—to make enough war material to lick Hitler and the Japs, and to do it in the shortest possible time," the brief said.

"The present organization must and will evolve into the most effective possible instrument to do it."

"Everyone connected with production and procurement, in all agencies of the government, must carry on with the utmost devotion and energy."

Earlier, Senators Connally, Democrat, Texas, and Wiley, Republican, Wisconsin, had urged in the Senate that Nelson be given "complete authority" over the nation's machinery of production and supply.

**Joe Louis in Army**  
YAPANK, N.Y. (AP)—Joe Louis was inducted into the U.S. army today as Pte. J. Louis Barrow in a four-hour ceremony beginning with lunch and ending with a lecture on military courtesy and customs.

**Aussies Not in Fight**  
MELBOURNE (AAP)—No report has reached Australia that Maj.-Gen. Gordon Bennett, general officer commanding the Australia Imperial Force in Malaya has been made a prisoner by Japanese troops as claimed by the Japanese, Army Minister Forde said today.

At the same time Mr. Forde said he was certain the A.I.F. was not yet engaged in action.

**Famed Song Writer**  
NEW YORK (AP)—The body of Fred Fisher, 65, music publisher and composer of more than 1,000 songs, including many familiar hits of yesteryear, was found hanging today in the bedroom of his penthouse apartment on West End Avenue.

Fisher, credited with having written such widely-known songs as "Dardanella," "Ireland Must Be Heaven," "Peg o' My Heart," "Fifty Million Frenchmen Can't Be Wrong," "Aut Wiederschn" and "Ma, He's Making Eyes at Me," had been in ill health for several years.

### Burma Gets Reinforcements

## Counter-blows at Japs Launched by Wavell

Associated Press  
Gen. Sir Archibald Wavell, commander-in-chief of the new Allied Far East command, has arrived in the East Indies and already has launched a series of dynamic counter-blows against Japanese invasion forces, military dispatches said today.

In Rangoon it was announced officially tonight land and air reinforcements for the defence of Burma have arrived and more are on the way.

The new reinforcements will serve in the forces of Lt.-Gen. T. J. Hutton, former Chief of the General Staff of India, who was appointed last month as British officer commanding in Burma.

**Netherlanders Move to Action**  
Netherlands troops were reported moving into action on the border of the Kingdom of Sarawak, where Japanese troops had seized the capital, Kuching, and most of the northern territory.

Simultaneously, Netherlands planes bombed Japanese-occupied Tarakan Island, off the coast of North Borneo, and a Japanese base in the southern Philippines.

Indies soldiers were also reported battling hand-to-hand with Japanese invaders near Lake Tondono, on the northeast tip of Celebes Island.

The Philippine base bombed was presumably Davao, on Mindanao Island, 600 miles south of Manila, which the Japanese were believed using as a jumping-off place for the invasion of the Philippines.

Across the South China Sea, British jungle fighters in a new withdrawal were apparently manoeuvring to defend an 80-mile front 90 miles north of Singapore as demolition engineers blow up tunnels, bridges and back to impede the advance of Japan's invasion armies down the Malay Peninsula.

**British Withdraw To Shorten Line**  
British Far East headquarters conceded a new withdrawal from a line established two days ago north of Seremban, in the Malay state of Negri Sembilan, 150 miles north of Singapore.

Front line dispatches said the British forces were slowly falling back toward the neck of the peninsula, 60 miles south of Seremban, where the jungle wilderness narrows to 80 miles between the Malacca Strait and the South China Sea.

It is conceivable the British command might be planning to make a stand on this neck, with the intention of their line anchored on the mouth of the Muar River, about 90 miles north of Singapore.

Increasingly active British bombers co-operated in attacks on transport lines and buildings of value to the Japanese.

Of 10 Japanese planes which raided Singapore Tuesday one was shot down and a number damaged, three probably fatally. About 55 casualties were announced.

**Balked By Turkey, Spain**  
Germany's reverses on the Russian front have upset the whole Axis appletart, usually reliable informants reported from Europe today.

They traced to the plight of the Nazis the eastern front the following:

1. That Turkey still bars the Dardanelles to Axis warships;

2. That Axis reinforcements for North Africa have not traversed through France and Spain;

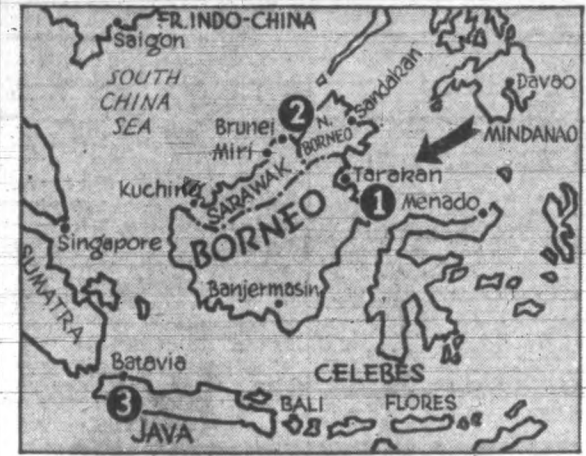

3. That signs of dissent have appeared among Germany's satellite allies.

(U.S. Navy Secretary Frank Knox warned at Washington today that stories of internal unrest in Germany might be spread deliberately by the Nazis to take the edge of the U.S. war effort. See story page 2.)

**TURKEY PRESSED**  
Germany, wanting to get the Italian fleet through the Dardanelles to attack the Russian Black Sea naval base of Sebastopol, has intensified pressure on Turkey for free use of the straits, these sources said.

In some military quarters this was regarded as an indication of French and Spanish opposition, at least momentarily, has checked a Nazi plan of transit via that route to Africa.

## Good Taste Drive New CBC Radio Move

OTTAWA (CP)—The Canadian Broadcasting Corporation is taking the initiative in a move to establish a new code of good taste to be accepted and applied by all North American radio chains.

Gladstone Murray, CBC general manager, said today in a luncheon address.

"Our board of governors, and particularly Dr. (James S.) Thomson, president of the University of Saskatchewan, are concerned in the matter," he told Ottawa Canadian Club.

"The study goes forward in consultation with advertisers and advertising agents."

**ADVERTISING GROWS**

He said commercial programs accounted for an average of 16 per cent of broadcasting time on CBC stations.

He mentioned an afternoon group of serials which he termed the "war of the soap operas," but he said he was not saying any

# B.C.-Born Japanese To Form Civilian Corps

OTTAWA (CP)—Following is a text of the statement issued by Prime Minister Mackenzie King today on Japanese and other aliens in Canada:

During recent weeks, the Canadian government has been giving detailed and careful thought to the problems created by the presence in British Columbia of large number of persons of Japanese racial origin. On Jan. 8 a conference was called in Ottawa to study and report on these problems. At this conference the government had the benefit of the advice and assistance of representatives of the government of British Columbia and of the members of the Standing Committee on Orientals, of which Mayor F. J. Hume of New Westminster is the chairman. For the aid thus given the government is most grateful.

Finally the government has received appreciations of the situation on the Pacific coast from the representatives of the defence services. It has also been advised upon international complications to which certain courses of action might give rise.

As a consequence of these various contributions to its knowledge, the government believes it is in possession of all relevant facts and that it is in the best position to judge as to the policy that should be adopted.

### Ask Full Support Of All Citizens

In announcing its program the government accordingly believes that it is justified in asking for, and in expecting to receive, the firm support of all Canadians.

The government has found no disposition in any responsible quarter to question the justice and validity of the fundamental principles upon which its policy in relation to the Japanese problem has been based.

These principles are now reaffirmed; in the future, as in the past, they will provide the basis of action which all proposals relating to this problem will be measured.

In summary form they may be described as follows:

A. National defence and vic-

tory are the first and over-riding considerations.

B. Canadians of Japanese racial origin and Japanese nationals resident in Canada will be justly treated.

### Moves to Prevent Demonstrations

C. Every feasible step should be taken to encourage the maintenance of a calm and reasonable attitude among Canadian citizens generally. The full force of the law will be invoked to prevent anti-Japanese demonstrations and to protect Canadian residents of Japanese race.

D. No action will be taken or permitted which would give any excuse to the government of Japan for mistreating Canadians under Japanese control. Nor will any action be taken or permitted which would help the Japanese anywhere to arouse Asiatic hostility against the white race.

E. Canada will continue to collaborate with Great Britain and the United States with a view to the substantial co-ordination of their policies in relation to persons of Japanese racial origin within their respective jurisdictions.

In accordance with these principles and in the execution of plans worked out well in advance, the Canadian government, as a consequence of the new situation created by Japan's treacherous attack upon Pearl Harbor, at once immobilized all fishing vessels operated by persons of Japanese racial origin on the Pacific coast.

### No Japs in Craft Off B.C. Coast

All persons of Japanese racial origin will be prohibited, for the duration of the war against Japan, from fishing or serving on fishing vessels; or on other vessels operated by Japanese off the coast of British Columbia.

For the same period the sale of gasoline and explosives to persons of Japanese racial origin will be directly controlled under conditions to be prescribed by the Royal Canadian Mounted Police.

Japanese nationals will be forbidden to possess or use short-wave radio receiving sets, radio transmitters and cameras.

The present intensive surveil-

lance of Japanese nationals will be continued, and the Defence of Canada Regulations will be strictly enforced.

It is intended to organize a civilian corps of Canadian Japanese to be used on projects of value to the national cause, in order to utilize the services of the various groups of Canadian Japanese who have indicated their desire to serve.

Steps are being taken to provide for defining protected areas in Canada and, subsequent to a date to be announced, all enemy aliens (of whatever origin), except those who possess permits from the Royal Canadian Mounted Police, will require to have moved from such protected areas on the Pacific coast as may be defined. Arrangements will be made by the federal government to provide accommodation for persons thus removed.

### Boards to Provide Employment

A separate organization will be created to provide opportunities for the employment of adult male enemy aliens outside the protected areas on work of national value.

In order that the Canadian war effort may not suffer because of necessary restrictions placed upon persons of Japanese origin, the government proposes to arrange at once, through the establishment of a special office in British Columbia, for the sale, lease, requisition or charter, on equitable terms and to suitable persons, of fishing or other vessels and fishing equipment heretofore used or owned by Canadians of Japanese racial origin, now immobilized on the Pacific coast.

The removal of the Japanese fishermen will place upon the white fishermen and canners of the Pacific coast a heavy responsibility for seeing that the removal does not reduce the total of fish caught or increase the prices at which the catch is made available to Canada, to the United Kingdom and to the United Nations.

In the working out of its plans the government proposes to give special consideration to those persons of Japanese race who served in the Canadian Expeditionary Force during the World War.

### Reds Kill 20,000 in 60 Days

## Whole Moscow Front Advances on Nazis

By the Canadian Press

Russian troops were reported advancing within 100 miles of Hitler's winter headquarters at Smolensk today, while in the south Red army forces were pictured as storming at the outer gates of Kharkov in the Ukraine.

Soviet military dispatches said collapse of a German wing defending a flank of the Moscow-Mozhaisk highway had knocked out the Germans' "last zone of positional warfare" before Moscow and that "the whole front is now in motion."

### WHOLESALE LOSSES

The Russians delayed that Hitler's reeling armies had lost 200,000 killed between Nov. 16 and Jan. 6, with 20,000 slain in recent fighting in the Donets River industrial basin.

Soviet troops were described as now battering heavily against German defences at Mozhaisk itself, 57 miles west of Moscow, where a Nazi garrison of 100,000 men still held out despite the danger of being trapped by Russian forces.

The R.A.F., meanwhile, continued its heavy raids on Axis bases and sources of supply and reinforcement, attacking Tripoli, El Agheila and the Sicilian air-drome at Catania.

Flying through heavy rains and lightning, big bombers blasted at Tripoli's quays and planted bursting bombs in the midst of trucks and buildings at El Agheila.

## 23,000 Dead Japs Counted in Hunan

CHUNGKING (AP)—Twenty-three thousand Japanese corpses have been counted on the battlefields of north Hunan province since the abortive campaign against Changsha began, a Chinese high command communiqué said today.

A Chinese spokesman Tuesday estimated the total Japanese casualties in the Changsha campaign at 45,000 to 50,000.

Today's communiqué added that 3,000 Japanese troops were attacking Chinese positions west of Canton; in Kwangtung province. No details were given on progress of the fighting.

### Niemöller Remembered

NEW YORK (AP)—In a German language broadcast, the BBC today celebrated the 50th birthday of Rev. Martin Niemöller, fiery Lutheran minister who last was reported held in the Nazi concentration camp at Dachau.

Feature of the broadcast, as heard here by the BBC, was a recording of Niemöller's 1937 New Year's sermon, in which he took for his topic the "Christianization of the True Confessional Church" by those "who are on top—the forces of the evil who despotically govern us."

### 8 Buildings Burn

WESTVILLE, N.S. (CP)—Fire ravaged a section of Westville's business section today, leveling eight wooden buildings with an estimated loss of about \$75,000 before it was brought under control. Seven buildings were wiped out. Cause of the outbreak is not known.

### Japs California Menace

SACRAMENTO, Cal. (AP)—State Senator James J. McBride said today that United States-born Japanese have been substituted for their alien parents as owners or lessees of land in California to such an extent as to virtually nullify the anti-alien land laws. He introduced a resolution proposing a special investigating committee, stating the subterfuge constituted a menace to national defence.

### Schmidlin to Retire

OTTAWA (CP)—Maj.-Gen. E. J. C. Schmidlin, quartermaster-general, Canadian army, shortly will retire from his post because of failing health, the Defence Department announced.

A graduate of the Royal Military College, Kingston, Ont., he served through the first Great War and before coming to defence headquarters at Ottawa was senior professor and professor of engineering at the R.M.C.

The government is of the opinion, and in this it has the concurrence of its technical advisers, that the arrangements outlined above, combined with the steps already taken are very much in the interests of the Japanese residents of British Columbia themselves. It is believed that they will provide adequate safeguards against possible subversive activities, however, fomented, in British Columbia. The government proposes, therefore, to carry through its program with the utmost expedition and thoroughness. It avails itself of this opportunity to reiterate what has already been said by the Prime Minister, that while the utmost precautions will be taken to see that no illegal acts are committed by Japanese or by other enemy aliens resident in Canada, those who conform loyally to the regulations set out for their guidance will be given every protection both for themselves and their property.

In conclusion the government wishes to express thanks to those public officers and private citizens in British Columbia who, without being blind to the dangers and uncertainties with which they are confronted, have nevertheless set so admirable an example of fair play in their attitude towards those persons of Japanese race now resident in that province.

In this connection the government wishes particularly to thank Hon. G. S. Pearson, Minister of Labor of the government of British Columbia, Mayor Hume, chairman of the Standing Committee on Orientals in British Columbia, and the other members of the committee, Mayor J. W. Cornett of Vancouver, and all others who have contributed to the steadying of public opinion along the Pacific coast. Similar thanks are due to the newspapers which almost without exception have realized the weight of their responsibility.

The Standing Committee on Orientals in British Columbia, to which reference has been made above, is composed of the following:—Messrs. Fred J. Hume, Mayor of New Westminster, chairman; Professor H. F. Angus, Lt.-Col. Magregor Macintosh, Assistant Commissioner F. J. Mead, R.C.M.P.; Lt.-Col. A. W. Sparling.

Some informants said the changes probably would involve appointment of a new Minister of Supply, not because of dissatisfaction with Lord Beaverbrook, but because he is expected to be kept in Washington to help co-ordinate Allied supply problems. Prominently mentioned as likely to succeed Lord Beaverbrook, at least in temporary capacity while he is abroad, was one of his right-hand men—Col. J. J. Llewellyn, parliamentary secretary to the Ministry of Supply.

Col. Llewellyn is regarded as an able man who deserves promotion.

Alfred Duff Cooper also, appears to be in line for a new post now that he has been recalled from his post as resident commissioner for Far Eastern Affairs in Singapore.

However, it is considered unlikely the Prime Minister contemplates any sweeping changes, although it is agreed he possibly will enlarge the administration to deal with schemes visualized for Imperial and Allied war councils.

A London Times editorial today on "Empire Constitution," said significantly: "The urgency of finding some effective way of associating the Empire governments with the conduct of the war has been brought home to everybody by the strong feeling in Australia."

## Wage Control Seen as Discipline

OTTAWA (CP)—Labor Minister Mitchell, addressing a joint meeting of the National War Labor Board and regional boards today, told employer and employee representatives the government's price and wage control policy called for voluntary discipline by civilians comparable to that expected of a soldier in the field.

The meeting, attended by provincial labor ministers and other members of the regional boards, was the first of a series of conferences intended to discuss and clarify details of the plan under which the boards will enforce the wartime wage control policy.

### EQUAL TREATMENT

The policy, Mr. Mitchell said, assured uniform treatment for all wage and salary earners, and was primarily intended to "keep the ship on an even keel" in the face of a threat of inflation.

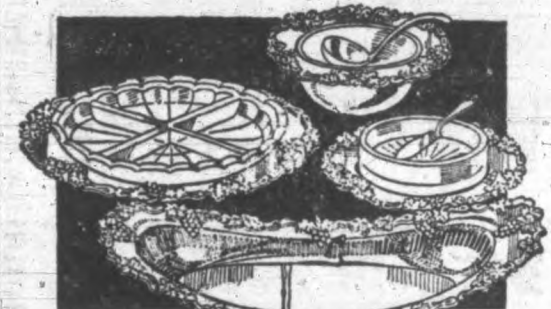

"We expect discipline and demand it from men who go to battle, and I don't think it is too much to ask the civilian population to voluntarily inculcate discipline. I have no doubt in my mind of the answer to that request."

Donald Gordon, chairman of the Maritime Prices and Trade Board, warned the meeting of the dangers of inflation and reviewed conditions which had necessitated control legislation.

### To Close Consulate

OTTAWA (CP)—The Prime Minister's office announced today the government has decided to close the consulate-general of Thailand in Vancouver "in view of the Japanese occupation" of that Far East country.

## List Llewellyn For Beaverbrook Post in Cabinet

LONDON (CP)—Changes in the cabinet were described as imminent today in parliamentary circles.

It was stated announcements might even precede the return to London of Prime Minister Churchill from his conferences in Washington with President Roosevelt.

Some informants said the changes probably would involve appointment of a new Minister of Supply, not because of dissatisfaction with Lord Beaverbrook, but because he is expected to be kept in Washington to help co-ordinate Allied supply problems.

Prominently mentioned as likely to succeed Lord Beaverbrook, at least in temporary capacity while he is abroad, was one of his right-hand men—Col. J. J. Llewellyn, parliamentary secretary to the Ministry of Supply.

Col. Llewellyn is regarded as an able man who deserves promotion.

Alfred Duff Cooper also, appears to be in line for a new post now that he has been recalled from his post as resident commissioner for Far Eastern Affairs in Singapore.

However, it is considered unlikely the Prime Minister contemplates any sweeping changes, although it is agreed he possibly will enlarge the administration to deal with schemes visualized for Imperial and Allied war councils.

A London Times editorial today on "Empire Constitution," said significantly: "The urgency of finding some effective way of associating the Empire governments with the conduct of the war has been brought home to everybody by the strong feeling in Australia."

## Wage Control Seen as Discipline

OTTAWA (CP)—Labor Minister Mitchell, addressing a joint meeting of the National War Labor Board and regional boards today, told employer and employee representatives the government's price and wage control policy called for voluntary discipline by civilians comparable to that expected of a soldier in the field.

The meeting, attended by provincial labor ministers and other members of the regional boards, was the first of a series of conferences intended to discuss and clarify details of the plan under which the boards will enforce the wartime wage control policy.

Is the persistent cough and weariness which of Chronic Bronchitis wearing you down to skin and bone? Then do what Mrs. Thos. Giddy, Odessa, Ont., did. Take Templeton's RAZ-MAH. Mrs. Giddy's throat had become sore and raw with coughing and she had lost 9½ lbs. Templeton's RAZ-MAH brought her almost instant relief. Since then she only needs to take a dose or two of RAZ-MAH whenever an attack threatens. RAZ-MAH can give you control of your bronchitis and soothe your throat. Get it from \$1 worth of money back. 50c and \$1 at drug stores.

### German Claim

BERLIN (German Broadcast recorded by AP)—The German high command claimed today the sinking of four merchant vessels, totaling 21,000 tons, in an Atlantic convoy. (This claim lacks British confirmation.)

### Fatal Crash in Alberta

THREE HILLS, Alta. (CP)—Flying low over the rooftops of Three Hills, a two-engine bomber plane crashed at the south end of the town this morning, bringing death to the sole occupant.

The plane is believed to have come from Penhold, Alta., as this is the nearest training station, and it is thought the pilot was an R.A.F. man.

As the machine flew over the town, it was noticed one wheel of the landing gear was down. The plane then crashed in a pasture, catching fire.

#### Gallup Poll

## 90% Approve Government Power To Regulate Factory Production In Canada for Duration of War

By Canadian Institute of Public Opinion

TORONTO—On the all-important question of the mobilization of Canadian industrial resources—and the government's right to decide what any factory shall produce on behalf of the war effort—Canadian public opinion is as nearly unanimous today as such opinion ever becomes.

"Do you think the government should have the power to decide what shall be made in any factories as long as the war lasts?" the Canadian Gallup Poll asked men and women in a scientific cross-section of the Dominion.

Ninety persons in every hundred replied that, for the duration of the war, the government should have this power.

Only a complete wartime transformation of John Citizen's attitudes can explain the virtual unanimity of public opinion on the question.

The actual replies were:  
Believe Government Should Have the power... 90%  
Believe Government Should Not... 5%  
Undecided... 5%

#### TREND SINCE PACIFIC WAR

The survey is one more bit of evidence that Canadians have determined to sacrifice peacetime habits and peacetime comforts to win the war—and especially since the spread of the war to all continents.

Before the Japanese attack on British and U.S. positions in the Pacific the institute found 86 per cent in favor of government controls. Previous institute surveys have shown large majorities saying the government should also have the power to decide which men should serve in industry, which men in farming and which in the armed forces.

NO DIFFERENCE BY PARTIES  
Conservatives and Liberals,

#### GALLUP POLL OF CANADA:

Do you think the Government should have the power to decide what shall be made in any factories as long as the war lasts?

who disagree often enough on purely political questions, were in complete agreement in today's survey—rank-and-file numbers of both parties voting 9 to 1 in favor of the government's right to control factory output.

Businessmen interviewed in the survey were actually more than 9 to 1 in favor.

#### U.S. ATTITUDE

At war for a little more than a month, the people of the United States have also come to the overwhelming decision that employment, industrial production and farm production should be under government control for the duration.

(World Copyright Reserved.)  
SATURDAY—Canadians in all walks of life have been asked: "If more money has to be raised in taxes, what sort of taxes would you prefer to see increased?" Read the results in Saturday's Times.

#### VOTERS IN 3 DEMOCRACIES FAVOR WAR COUNCIL.

By Canadian Institute of Public Opinion

TORONTO—Simultaneous Gallup Polls in Britain, Canada and the United States indicated today that public opinion in these three democracies is strongly in favor—in principle—of the creation of a joint war council to plan operations against the enemy.

Voters in all three countries approved the admission of Soviet Russia to a full share in such a planning council.

In Canada the question put to voters in all provinces and all walks of life was: "Do you think Britain, Canada, the United States, Russia and their Allies should form a joint war council which would plan all operations against the Axis powers?"

Comparable questions were put to voters in Britain and the United States. The results are:

Canadian Opinion 88% 4% 8%  
British Opinion 88% 6% 6%  
American Opinion 80% 10% 10%

While the actual decision regarding a joint war council is, of course, a question for the military and governmental authorities—and may have been discussed during Mr. Churchill's recent visit to North America—the simultaneous surveys reveal the astonishing degree of unanimity which prevails among Britons, Canadians and Americans on a vital principle of war co-operation.

The American Gallup Poll went even farther, asked: "If such a council is formed, should the Navy, Army and Air Forces of every country... including the United States... be controlled by the war council?"

A year ago, or even six weeks ago, it is inconceivable that American public opinion would have approved that proposition. But today the replies are:  
YES 68%  
NO 15%  
UNDECIDED 17%

## Letters to the Editor

#### KILLING AN EAGLE

If it is against the law to shoot such birds, why has there been no prosecution yet of the persons who shot the bald-headed eagle at Goldstream recently? Are our game wardens off on a winter vacation, or what are they doing?

An example should be made of persons who destroy our wildlife. If they feel they must kill, they have plenty of opportunity to go out after Nazis and Japs.  
H. M. AYRES.

#### REALIST

Mr. Jolly states that prayer is the most important thing in our lives today in reference to what we term the struggle, and our deliverance therefrom can only come through prayer. All assertions cited by Mr. Jolly as occasions where prayer was answered remain just that. They belong in the same category as the claims of men who worshipped gods of wood and stone.

No, Mr. Jolly, we shall deliver ourselves from the Hitlerian would-be Hitler by striking back—and striking hard.  
RICHARD WHITE.

#### BLACKOUT NONSENSE

Are blackouts necessary? With all the writing and organization for blackouts I have never seen any real reasons given for having them. Blackouts do not hinder enemy bombing, but would seem to help it by making the water and roads show up more clearly, which are more accurate guides than street lights. In fact, different experts have now concluded that a brightly lighted city makes bombing more difficult, for it confuses locations by the very glare, and also tends to hide anti-aircraft batteries.

One definite result of blackouts has been a very serious increase in accidents in England, which have accounted for far more injuries than the bombs in the London area. Along with the great difficulty of getting about during a blackout is the almost impossible task of guarding against paratroops or small landing parties. Whereas under ordinary city lighting a troop invasion can be spotted two miles or more away, under a blackout these same troops can land in the next lot or the adjoining beach without being seen. This is no exaggeration but is easily demonstrated by observation, or rather lack of observation, in a blackout. It is ridiculous to pretend that foreign forces, especially Japanese, need lighted cities to guide

them to their objectives. We need only remember that English bombers almost got Hitler's basement beachhead after a several hundred mile run over blacked-out territory.

It would be a great pity if this coast is following like a flock of sheep an outmoded idea.  
G. CAMERON.

#### WITCH BURNING

Mr. Sanders says the Bible advocates "burning witches." It is manifestly impossible for an evil thing to destroy the evil it creates. The Old Testament does advocate burning witches. Why, only God knows. We do know that these evil things are the product of spiritual darkness and that when the light of God's word shines in the evil things disappear and there are no witches to burn.

Mr. Sanders talks much of "scientific co-operation," but "science" has no formula which enables the human race to overcome its destructive appetites which "bring forth fruit unto death," and if that which our Lord called "the salt of the earth" was taken away the world would become a horrible pit. The salt seems to have lost a good deal of its "savor," thanks largely to the "intellectualism" Mr. Sanders is so proud of.  
MRS. GIBBS.

#### R.R.3.

Other officers elected are: Vice-presidents, Dr. A. Albert Douglas, dean of women, Queen's University, Kingston, Ont. (formerly of McGill University, Montreal), and Dr. A. E. Johns of McMaster University, Hamilton, Ont.; general secretary, E. J. A. Kennedy; recorder, H. W. Barker, librarian, Dr. P. M. Millman, and curator, R. S. Duncan, all of Toronto.

The society has branches across the Dominion. Among the members of the general council are Boyd Brydon of Victoria and H. P. Newton of Vancouver.

Western contracts of more than \$5,000, other than capital assistance to contractors, follow:  
Foodstuffs—MacDonald's Consolidated Ltd., Calgary, \$6,013; Pacific Meat Co., Vancouver, \$9,913; Slade & Stewart, Vancouver, \$5,759; Ryan-Wilson Co. Ltd., Victoria, \$5,034; A. P. Slade Ltd., Victoria, \$10,370; Swift Canadian Co. Ltd., Victoria, \$15,510.  
Electrical equipment—Canadian General Electric Co. Ltd., Vancouver, \$7,127.

Probably the first maritime counselor to a Japanese ruler was an Englishman, Will Adams, who sailed to Japan in a Dutch vessel in 1600.

#### Relieving Coal Shortage

REGINA (CP)—A week or 10 days of reasonably mild weather will overcome the shortage of coal which exists in Saskatchewan by enabling the mines in the Estevan field to catch up on their back log of orders. Hon. W. F. Kerr, Minister of Natural Resources, said.

He warned, however, that should another severe cold spell occur, there probably would be a recurrence of the shortage, despite all efforts that might be made to avert it.

He said the mine operators and the men were prepared to do their utmost to meet any increased demand that might arise.

#### Dr. Hogg Renamed Astronomical Head

TORONTO—Dr. Frank S. Hogg, assistant professor of astronomy in the University of Toronto, was re-elected president of the Royal Astronomical Society of Canada for a second term at the annual meeting here. A member of the staff of the David Dunlap Observatory at Richmond Hill, Ont., Dr. Hogg was formerly at the Dominion Astrophysical Observatory, Victoria, B.C., and the Harvard College Observatory, Cambridge, Mass.

Other officers elected are: Vice-presidents, Dr. A. Albert Douglas, dean of women, Queen's University, Kingston, Ont. (formerly of McGill University, Montreal), and Dr. A. E. Johns of McMaster University, Hamilton, Ont.; general secretary, E. J. A. Kennedy; recorder, H. W. Barker, librarian, Dr. P. M. Millman, and curator, R. S. Duncan, all of Toronto.

The society has branches across the Dominion. Among the members of the general council are Boyd Brydon of Victoria and H. P. Newton of Vancouver.

#### Japanese Allege Hospital Ship Sunk

TOKYO (Japanese Broadcast)—Imperial headquarters charged in a communiqué today that the hospital ship Harbin Maru was sunk Jan. 10 by a United States submarine in Chinese waters.

It asserted wounded aboard the vessel and the crew were saved, except for nine sailors. The communiqué said the alleged sinking was "a flagrant breach of the Geneva Convention of 1912 and all humanitarian principles."

Both the Italian and German radios also broadcast the Japanese allegation.

## Willkie Urges Full Production

WASHINGTON (AP)—Wendell L. Willkie called Tuesday night for "fanks, not talk," and told the United States Conference of Mayors that "our unparalleled productive facilities are but partially used."

The 1940 Republican presidential nominee originally had planned to urge in his address that a single individual be placed in charge of the country's war production, but President Roosevelt announced his intention of appointing Donald M. Nelson to such a post shortly before Willkie's speech.

Willkie told reporters he had no comment at present on the development, which caused him to eliminate two passages in the speech he had prepared. Willkie said it will not be enough that soldiers and sailors be given fighting materials with which "none of us doubts that they will defeat the armed forces of the aggressors."

"Beyond that the United States must have the wisdom and vision to build a just and enduring peace. It cannot be accomplished through pious platitudes. It can only be accomplished if it is first realized that the necessary areas of trade for the fruitful functioning of a modern scientific economy, like the areas of attack in a modern, scientific war, have greatly expanded."

"When supreme and unquestioned authority is vested in one man or a small group of men both in governmental and economic affairs, and then all others are forced to obey their orders promptly and without question, you get results, particularly under industrial developments," Willkie declared.

To win this victory he urged democratic policies and group interests to national welfare and charged governments with the task of learning to set the pace for efficiency and unity.

Firm Fined \$21,520  
LONDON (CP)—Fines totaling about \$21,520 were imposed Tuesday on a London poultry firm and its officials for selling fowl above the fixed maximum price. The magistrate found more than 50,000 fowl had been sold above the legal figure.

#### Lord Leaves \$2,065,685

LONDON (CP)—The Marquess of Lothian, British ambassador in Washington at the time of his death Dec. 12, 1940, left an estate of \$464,199 (\$2,065,685). Names of the heirs have not been disclosed. He was succeeded in the

title by a 20-year-old cousin, Peter Francis Walter Kerr.

Taxi! Taxi!  
It may be a pleasure to be arrested in Brighton, England, where girls have been given the job of driving police wagons or "Black Marias."

## Stop HEADACHE AT ONCE Get instant relief using fast-acting Aspirin

Get this fast relief, rated one of the Safest of all Pain Relievers. The astonishing way people on all sides are turning to Aspirin for the quick relief of headaches, neuritis, neuralgia, shows that today everyone wants quick relief and safety. And Aspirin is safe... taken according to the simple directions. And the speed with which it works, you can see with your own eyes, as shown in the picture above. So try Aspirin's fast relief next headache you have. Aspirin is made in Canada and is the trade-mark of The Bayer Company, Limited.

Less than 1c a tablet in the economy bottle  
Every Aspirin Tablet has this cross...  
If the name "Bayer" is in the form of a cross is not on every tablet, it is not Aspirin. Don't let anyone try to tell you it is.

## Ottawa Acts Wisely

FROM OTTAWA TODAY COMES THE announcement that Japanese and other enemy aliens of whatever origin are to be removed from all defence areas of British Columbia unless they hold police permits to remain. This decision by the Dominion government will meet with the approval of the general public of the province. It should be safe to assume that the police authorities will interpret the spirit and intent of the order in accordance with the desires of all British Columbians. The first consideration is national security and safety. No longer is there the least doubt about how our people feel toward this matter.

There has been no desire and no exists now to deal harshly with people of enemy nationality or origin. Pressure put on Ottawa by the government and citizens of British Columbia has been dictated by an all-too-familiar knowledge of what has happened in other countries to which the war has spread. It may be that some of the apprehension which has existed was overdrawn; but we have reached a stage in this battle of the continents which demands eternal vigilance. Sentimentality must play second fiddle to commonsense and reason. It is not enough to say that many Japanese in British Columbia, for instance, are pursuing a substantial element of Japanese nationals within the province's defence area may have an entirely different view of the circumstances prevailing. Nor will any new precedent be set by the adoption of a plan which may occasion some suffering for the innocent. That is always the way of war. Millions of Japanese in their own country would deal summarily with the military junta if the opportunity presented itself. But it is the reality of our time which has demanded the action now promised by the Dominion government.

It is properly argued that many Canadians and other subjects of the United Nations are hostages in Japan—at the mercy of a military oligarchy steeped in the most vicious arts of torture—and that the treatment meted out to them would be measured, according to Japanese standards, by this country's handling of those of our latest enemy's origin. It would matter little that the men of Tokyo know full well that it is the British way to deal with aliens according to international law—often with a leniency galling to those parents and relatives of British nationals in foreign internment camps. The fact that there are nearly 24,000 Japanese in British Columbia, however, is well known and understood in Japan. And two can play at reprisals if need be.

## There Was a Mistake

PRELIMINARY STATISTICS OF THE census put the population of the progressive interior city of Kamloops at 4,411; and the people of that thriving community rose up in their wrath and wanted to know what kind of a census it was that reached such a conclusion. They have now been told by the authorities at Ottawa that a mistake had been made: the revised figures show a population of 5,847—by no means a reduction of 25 per cent compared with the census of 1931.

And the Kamloops Sentinel further explains that the new figure of 5,847 does not include North Kamloops, Powers Addition, Kamloop Junction, or Kamloops Indian Residential School; nor does it reflect the considerable settlements just across the city's boundaries—the south side of Columbia westward from Third, the houses east of the welcome arch on Trans-Canada Highway and those to the westward of the old brewery on Victoria street west. So we see that nobody can trifle with Kamloops and get away with it.

## Hitler the Main Enemy

NOT IN WHAT UNITED STATES SECRETARY of the Navy Knox told the conference of mayors in Washington on Monday, but rather in what he left to the imagination of his audience is to found the substance of his reference to and comparison of the relative importance of the war in the Pacific and the Atlantic, and on the Russian and African fronts. He was, however, specific in a negative way which, paradoxical though it may seem, implied a positive answer to the oft-repeated question in the United States: "Where's the navy?" He did not expect anything in the nature of a decisive engagement with the Japanese fleet in the near future; he also reminded the civic dignitaries that Hitler still remains the first enemy of the United Nations, and that the Battle of the Atlantic must be considered the most important struggle of the war. In other words, Secretary Knox believes—and he is supported in his view, in large measure, at any rate, by Mr. Churchill—that if Hitler can be brought to defeat in Europe, "the whole Axis fabric will collapse."

The contribution which the United States is making to the prosecution of the Battle of the Atlantic is probably greater than public imagination is able to visualize. Nor was Colonel Knox in the mood to dilate on the scope or strength of Atlantic operations—

"Hitler would gladly lose another Bismarck to know." Our neighbors, and British peoples in the Pacific arena, may find little compensation in this reference to the war in the Old World and on the sea which separates it from the New. The Philippines and Singapore loom largely in their thoughts and fears. But such temporary successes as the Japanese are scoring in the southern Pacific are of little or no comfort to Adolf Hitler as he sees Axis forces in retreat in Russia and in the African desert. And it seems a long time since the British Prime Minister—in the House of Commons on August 20, 1940—said: "Even if the Nazi legions stood triumphant on the Black Sea, or indeed upon the Caspian, even if Hitler was at the gates of India, it would profit him nothing if at the same time the entire economic and scientific apparatus of German war power lay shattered and pulverized at home."

Mr. Churchill is less worried today about the Black Sea, the Caspian, and the gates of India, than at any time since the war began. Although German war power in its many aspects is not exactly pulverized at home, the inevitability of the Wehrmacht is now a myth. It is true Hitler promised in his last Reichstag speech that his army would get new arms; but it is one thing to furnish fresh equipment and another matter altogether to rebuild an army's morale after it has suffered the shattering blows rained on it by Stalin's men in Russia. And Fascist editor Virginio Gayda may prove to be right for once: When General Auchinleck struck, Mussolini's editorial mouthpiece told the Italian people that the new Libyan campaign "will decide Italy's fate." It may help to decide Germany's, too, a prospect which Secretary Knox scarcely overlooked.

## Premier Godbout's View

WHEN HE ADDRESSED THE delegates to a conference of the Canadian Wholesale Fruit Dealers' Association in the capital of the Ancient Province the other day, Premier Adélard Godbout of Quebec expressed himself as follows:

"If I thought conscription would be the best means of winning the war, I would be for conscription. The province of Quebec is doing and will always continue to do her share. Please try and appreciate the French-Canadian point of view, and their war effort. We are under the British crown and are as loyal as any. No other provincial government can show more co-operation and collaboration with the Dominion government than can Quebec."

Mr. Godbout's opinion is entitled to respect. There is nothing to indicate that the confidence which the people of Quebec placed in him when they gave him and his anti-Duplessis party an overwhelming majority in the last provincial election has waned in the least.

Apart from how Quebec feels about the question of conscription, however, what the Canadian people as a whole await from Mr. King and his government is a clear statement on the "state-of-the-Dominion" as it concerns manpower. They want to know as far as it is ascertainable, and especially in view of the new circumstances which the United States' entry into the war has produced, what physical resources will be available in Canada for the armed forces after the requisite number of men and women workers have been drafted into existing and projected war industry in all its branches—including agriculture.

It does not matter what name shall be given to the process of utilizing such surplus of manpower as may be revealed. But time is running short. Either before or immediately on the opening of Parliament the Prime Minister should lift the veil and let the Canadian people know what he intends to do.

## Notes

Our problem today is to allocate deficiencies. And just to think that it was not so long ago that the problem of handling surpluses seemed insurmountable.

Germans have donated 2,250,000 phonograph records to be sent to the soldiers on the Russian front. Most popular tune appears to be "Home, Sweet Home."

The record of a year's service by the Atlantic plane-ferry system is a heart-warming thing. It has been delivering planes to Britain from Canada through all kinds of weather, under conditions which, in peacetime, would have seemed impossible. Total loss, for all types of aircraft on the crossing, has been less than 1 per cent.

## NO HOPE YET FROM GERMAN SPLIT

From Toronto Globe and Mail  
Reports of schism in the enemy ranks are widely circulated, and conceivably may be true. It is quite understandable that the generals and their military staffs should be impatient with the political arm of the German government. This is not peculiar to Germany. In the Russo-Finnish war there was a great deal of strife between Russian commanders and the political commissars attached to the staff headquarters. Disputes grew so acrimonious, in fact, that political commissars were withdrawn for a while; then reinstated. Even among the Allies there have been sharp differences between military leaders and political rulers.

It would be stretching the parallel too far to refer to Messrs. Oliver Lyttelton and Duff Cooper as political commissars in the Middle East and Far East, respectively, but it is certain that there was much difference of opinion in the Middle East at the time of the campaigns in Greece and Crete, and there was evidence of disharmony at Singapore before the arrival of General Pownall and the appointment of General Wavell as Supreme Commander in the Southwest Pacific.

We should not, therefore, be too elated about differences in the enemy's camp.

## Bruce Hutchison

### SERIOUS THOUGHT

CERTAIN PROFESSORS, whom I trust, advise me that the pupils they are receiving out of our high schools into our colleges and universities are practically illiterate. They take a dark view of our whole school system but the causes of this decadence may go further than the schools. As one who has no education, it seems to me that we are in an age not of mental disorder, as most people think, but of mental decay, which probably lies at the root of all our troubles. And one of the chief reasons for it is our habit of mental diet.

The child nowadays, as I have observed him, is no longer interested in good reading. Where boys and girls used to grow up on Dickens and Scott (whose names will be hoisted by any young person who happens to read this) the modern child is brought up on the radio. I have no quarrel with the large soap companies and manufacturers of breakfast foods who naturally seek to sell their wares by enticing the young with excitement on the air; but I can perceive that, over a long period, a child whose mind is constantly attuned to the adventures of detectives, cowboys, criminals and supermen will not emerge into college age with quite the same mentality as the child who has been immersed in good reading. Not for the reading itself alone, but for the actual mental exercise of absorbing knowledge.

The modern child is handed all his ideas without effort. They are supplied by the ear and the eye, in the radio and movies and no labor whatever is required in the process of absorption. The child grows soft in mind as a man grows soft in body who is supplied with all his needs by machines and never has to grow them, or chop them down or make them with his hands.

## EXPERTS

THE EXPERTS assure me I am wrong. They insist that the child must simply develop his personality with complete freedom and we have so much developed personality floating around these days that there is no room for any facts. However, I gather that facts are very objectionable to the experts. They feel that facts will weigh down the personality and prevent its growth. They prefer ideas. The trouble is that the child is getting all the wrong ideas, not vicious ideas but just silly and worthless ideas, and in bulk a completely distorted idea of life.

These complaints I refer to my good old friend, Harry Perry, who by a rare act of wisdom on the part of Jack Hart, is Minister of Education. Mr. Perry is one of the best educated men in this part of the country. He never went to college. He studied alone from boyhood onwards until, meditating in the wilds of Prince George, he mastered the philosophies, economics and political theories of the ages. He got it all the hard way and it stuck. He is the kind of man who may take our young in hand and make them work for their learning.

## ALL AGES

BUT THIS DECADENCE is by no means confined to the young. It extends through all ages. The adult mind of America also follows a fashion and a bad one. It reads only the books on the best seller list until, as publishers in New York tell me, a few books have vast sales and nearly all others have no sale at all. All America, at any given moment, is reading not more than a dozen popular books, most of them hardly worth reading and thus we are turning our minds like sausages, all alike.

You may think this is of no moment, and has no application in practical affairs. Actually it has all but undermined and ruined American civilization and nearly left the United States prostrate at the feet of its enemies. For America, instead of thinking for itself, has accepted a series of slogans and catchwords which have betrayed it. By the curious processes of propaganda which mold our mass thought, America was persuaded first by the slogan that it was impregnable and superior to the ill of the world. The other great slogan, swallowed whole as a goldfish gulps down bread crumbs, was that America had the greatest navy in the world and nothing could touch it. Still another slogan, universally believed and used as the foundation of government policy, was that America could build its defences with one hand tied behind its back, and without any sacrifice of living standards.

Combined, these slogans almost wrecked America. All were wrong. All were sedulously thrust upon the American people day after day, dinned into their ears, fed to them with their meals, shouted to them on the air before they went to bed. And a hundred other lesser slogans equally foolish, until this continent has learned to think not its own thoughts but the thoughts of some other fellow who had enough money to distribute them abroad.

We have become a race of slogan addicts, fed on canned ideas and wearing fashions inside our heads as carefully as we wear fashions in clothes on our bodies. And while we have smashed many of our old slogans in the war, we are falling into new ones equally dangerous. The chief of them is the idea that we have only to win the war and then go on enjoying prosperity in the good old way.

## Parallel Thoughts

For by grace are ye saved through faith; and that not of yourselves: it is the gift of God.—Ephesians 2:8.

Faith and unfaith can never be equal powers; unfaith in aught is want of faith in all.—Tennyson.

## The Macdonalds Again

By JAMES MORTON

The recent appointment of Mr. Justice D. A. Macdonald as Chief Justice of the Appeal Court of British Columbia, completes the trinity of Macdonalds occupying that position since its inception some 30 odd years ago. The only interruption was the rather brief reign of the late Chief Justice Archer Martin.

The first of these Macdonalds, James A., who died in Victoria a few years ago, came into prominence as member for Rossland in the legislature in 1903, when, with the introduction of party lines, he was elected leader of the Liberal opposition to the McBrice government. He proved a keen and incisive debater and was highly respected on all sides, but his rather austere manner detracted from his platform popularity. He had to be known personally for his fine qualities to be appreciated, and I imagine he was not at all sorry to relinquish politics for the more congenial atmosphere of the bench. In that postscript, his dignified carriage, judicial calm and maintenance of the dignity of the court won him general respect.

## WITH FIERY JOE

I remember once hearing him call down the redoubtable Joseph Martin. It was at a Court of Appeal hearing in Vancouver. The persistent Joe, in his insistence on a point, spoke defiantly out of turn. "Sit down, Mr. Martin," said the Chief Justice firmly. But Mr. Martin was not in the habit of sitting down at another's bidding. He protested: "But my Lord it is important to my clients that—"

"Sit down, Mr. Martin, sit down." And with it the Chief Justice frowned so sternly that Mr. Martin rather sheepishly subsided. The next of the Interim "A" Macdonalds to occupy the position was the late Malcolm A. He was a former Attorney-General, a distinguished orator and a man of wide learning. His tall form and fine, baritone voice lent strength to his well-rounded sentences, and it was a particular pleasure to hear him in a set speech. Unlike his predecessor "J. A." he excelled less in debate in the House than in strength on the platform. Like Winston Churchill he was essentially a set speech speaker, and I should say that no one in British Columbia in his time could excel him in the preparation and delivery of a carefully thought-out address. His reign on the bench was all too brief.

Of the new Chief Justice it need only be said that while, unlike his namesake predecessors, he has taken no prominent part in politics, he has for many years been known as an able and popular member of the bar and the bench, and brings to his new duties a mind well qualified by experience, ability and knowledge.

## A FOR ALEXANDER

It strikes one as a peculiar coincidence that so many prominent Macdonalds in the history of Canada have had "A" as the middle initial of their names. In most cases it stands for Alexander, quite typical of a clan that has gone forth to conquer new worlds. Foremost of them all stands the famous Sir John A. first Prime Minister of Canada. With the exception of the MacKenzie interregnum he held office from Confederation in 1867 till his death in 1891, a premiership

## Splendid Cough Relief, Mixed In Your Kitchen

No Trouble. No Cooking. Saves Big Dollars.

Yes, ma'am, right in your own kitchen, you can easily mix a cough syrup that can be depended upon for quick results, and gives you about 4 times as much for your money. And it's no trouble—it's so easily prepared. You'll need a syrup. Make it by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed. Now get 21 ounces of Pinex from any drugstore, and pour it into a 16 oz. bottle. Then add your syrup. There you have 16 ounces of really splendid medicine for coughs due to colds. It lasts a family a long time, and tastes fine—children love it. And does it do the work? You'll say it's your favorite cough treatment. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Eases the soreness, and lets you rest at night. Pinex is a special compound of proven ingredients, in concentrated form, well known for prompt action on throat and bronchial membranes. Just try it, and if not pleased, your money will be refunded.

## THEY WILL REAP

From New York Herald Tribune  
Japan's record in China has long been noted for its callous brutality. Perhaps this has been part of a determined plan. Certainly the only thing to be gained from the bombardment of undefended places is to try to strike terror in the hearts of the bombed people.

This, undoubtedly, is what the Japanese intend in Manila. Having failed in their propaganda attempts to wean away the Filipino peoples from their loyalty to the United States, they are now punishing them indiscriminately.

The result can be only the same as when they bombed defenceless Chinese towns—to fill the rest of us with deep indignation and to strengthen our determination to beat them, cost what it may.

If this means that they must be treated with a dose of their own medicine, there will be few Americans who will suggest that they be spared. There is a war fought by desperate men, who stop at nothing in their ruthlessness. The only language that such men understand is that which they themselves use. Their contempt for the unforgotten

## 9,000,000 Acres In B.C. Parks

At the bimonthly meeting of the Victoria section of the Canadian Society of Forest Engineers Chester Lyons of the British Columbia Forest Service spoke on "Forest Recreation."

Mr. Lyons said there were now 49 provincial parks in British Columbia with a total of over 9,000,000 acres or approximately 14,000 square miles.

The value of these public reserves for hunting, fishing, camping and picnicking would become more evident after the war when people in increasing numbers would turn to forest parks for amusement and relaxation. The past tourist season showed a figure of over 36,000 visitors to five of the larger provincial parks on Vancouver Island.

Careful planning was needed for the protection and proper utilization of the parks and especially in the smaller forest camp grounds where the choice of the individual campsite had usually been left to the hap hazard planning of the visitor, resulting in a marked deterioration of these beauty spots.

The remedy suggested was in the careful planning of roads, the fixation of cars in parking spurs and the definite location of fireplace and tables. A well planned campsite that would be comfortable and convenient to the camper would result in no rearrangement of the outdoor home.

## WORK INSURANCE FOR ALL GROUPS

J. E. Beech, revenue inspector for the Unemployment Insurance Commission Victoria office, told the Credit Granters Association yesterday the change from a war to a peace production will only be accomplished with much unemployment. He said the unemployment commission did not expect many claims would be made until after the war.

Incorporation of sickness benefits in the act within a few years, is the hope of the commission. Mr. Beech said.

Contributions to unemployment insurance assist the war effort, he said, because the \$50,000,000 annual collection is invested in war savings certificates.

The plan of employment agencies is to give the best service to employers. Employment agencies send out the best man for the job and likewise the best man is given the opportunity to get the best job, whether he had unemployment insurance benefits or not.

## Would Continue Publicity Grant

The tourist trade executive of the Victoria Chamber of Commerce at a meeting Tuesday, unanimously endorsed the efforts of the directors of the Victoria and Island Publicity Bureau to secure the annual grant of the Victoria city council this year.

There has been talk of discontinuing the grant because of the war.

During discussion, members agreed the tourist trade was the only business which Victoria would retain after the war, and if neglected now would be difficult to get back.

The executive also endorsed a letter which had been sent to the city council asking for flower baskets on the streets during the approaching summer. Members, however, thought this question should be considered with other questions of finance for some reduction would have to be made because of the war.

The letter sent to the city council said the flower-baskets have been an outstanding feature of Victoria's streets, and their removal would have a most detrimental effect not only on our visitors but would also depress our own people.

The cost of having the baskets was \$1,100, the executives were told.

Best place for a radiator is under a window, worst place up under the ceiling, according to the University of Illinois.

## Weddings

### McKEAN—HAMILTON

The wedding was quietly solemnized by Rev. William Gale, uncle of the bride, at St. John's Church Saturday afternoon at 5 between Hester Mary, only daughter of Mr. and Mrs. W. Gerald Hamilton, 1150 Woodstock Avenue, and Pilot Officer John Lyndhurst McKean, R.C.A.F., only son of Mrs. Ethel Rowe, Seattle, and the late Mr. J. McKean, New Zealand.

Standards of white and yellow chrysanthemums made a lovely setting as the bride entered the church on the arm of her father. Her full-skirted dusty rose frock fell gracefully to the floor, the tight-fitting bodice being low-waisted with three-quarter-length sleeves. A sheer rose-tinted veil fell to her shoulders from a coronet of flowers and she carried a bouquet of white carnations and heather. In a darker shade of rose was her bridesmaid, Miss Bernita Payne of Seattle, her long gown being of velvet, with which she wore a Queen Anne head-dress in matching shade and carried a bouquet of pale pink carnations.

Mr. Henry L. Taylor of Seattle acted as groomsmen and the usher was the bride's brother, Mr. Stuart Hamilton. During the service the church organist was in attendance.

An informal reception was held for about 30 guests following the ceremony in the home of the bride's parents, Mrs. Hamilton welcoming her guests in black net with matching turban, a corsage of gardenias complementing her costume, assisted by Mrs. Rowe in a smart ensemble of burgundy velvet, camellias making up her corsage. Ivory tapers and tulle surrounded the hand-some wedding cake which the bride cut after the traditional toast was proposed by Mr. A. A. Meharey, an old family friend. Yellow and white chrysanthemums were artistically arranged throughout the room.

For her honeymoon trip to Seattle the bride changed to an Elizabeth blue wool suit and turban with matching topcoat. The groom will proceed to Trenton, Ont., shortly to resume his duties as instructor, the bride following him east at a future date.

Coming from Seattle for the wedding were Mrs. Elizabeth Parker and Mrs. MacDonald McMillan, and from Vancouver came Mrs. William Gale and Miss Florence Hamilton.

### Engagements

#### TUCKER—CLARKE

Mr. and Mrs. V. M. Clarke, 1134 Rockland Avenue, announce the engagement of their second daughter, Elizabeth (Betty) Helen Catherine, to Staff-Sgt. Roy Tucker, only son of Mr. and Mrs. W. N. Tucker of 290 Mad-dock Avenue. The wedding will take place at the beginning of February.

#### SWAN—JOHNSON

Mr. and Mrs. Helmer Johnson, Winnipeg, announce the engagement of their daughter, Lilly Marie, to Mr. J. Neilson Swan, Ottawa, son of Mr. and Mrs. James Swan of Victoria, B.C., recently of Winnipeg. The wedding will take place in Beulah Baptist Church, Winnipeg, Jan. 31, 3 p.m.

#### ANNETT—FLETT

Mr. and Mrs. Donald Flett, Sherburn Street, Winnipeg, announce the engagement of their youngest daughter, Helen Ellen, to Mr. James Wilson Annett, R.C.A.F., Ottawa, second son of Mr. and Mrs. Cecil C. Annett, Victoria, B.C. The wedding will take place the early part of February.

A meeting of the Victoria Women's Institute will be held in their rooms, 635 Fort Street, Friday at 2.15.

## Social and Personal

Mrs. H. T. Barrett of Vancouver is visiting here, the guest of Mr. and Mrs. H. A. Humber, 119 Oxford Street.

Mr. and Mrs. R. E. Murray, Government Street, have been spending the last few days in Vancouver and are expected home Thursday.

Mr. and Mrs. Oakley with their little daughter, June, who have been spending a few days in Vancouver, have returned to their home near Seaside View, the Malahat.

Mr. and Mrs. Ernest H. Wilson, 3620 Cudbory Bay Road, with their son, Charles, will leave Thursday for Vancouver en route to West Summerland, where his marriage will take place Saturday to Miss Mabel Bessie Tomlin.

Covers were laid for eight when Mrs. Ghent Davis entertained at a bridge luncheon at her home in Vancouver yesterday for her house guests, Mrs. E. P. Davis of Victoria and the latter's cousin, Mrs. Sherwood Herchmer of Fernie.

At St. Mary's Church, Sunday afternoon, Ven. Archdeacon A. E. de L. Nunns christened the infant daughter of Lieut. and Mrs. John Toogood, 1456 Beach Drive. The baby received the names Maureen Cullum and her godparents were Mrs. E. Beddall, Mrs. M. Barter and Major D. G. Worthington, Vancouver. Following the ceremony, Lieut. Toogood, who is on leave from eastern Canada, and Mrs. Toogood, who before her marriage was Miss Aileen Cullum, entertained a few friends at tea.

Comforts for servicemen valued at \$17.70, and for bombed-out children, valued at \$13.70, were provided by the Dr. O. M. Jones Chapter, I.O.D.E., it was reported by Mrs. F. E. Dowdall, who convened, at a meeting Tuesday evening. Mrs. H. A. Stuart, the regent, presided, and the members passed a vote of sympathy for Mrs. William Ellis in the loss of her son. Mrs. J. Matheson was appointed convener of the war-saving fund, a number of which were distributed during the meeting.

At a shower during December at the home of Mrs. H. Smith, gift packages were packed for men of the navy and were later distributed by Commander Keith at Esquimalt. A letter of thanks from the Lord Mayor of London for a gift sent by the chapter, was read; also a letter from Mrs. Sargeant, regent of the Vimy Ridge Chapter, Daughters of the British Empire in Seattle, thanking members for a calendar. Plans were made for the annual dinner meeting at David Spencer Ltd., on Feb. 10. Mrs. F. E. Dowdall, Mrs. P. Ellis and Mrs. T. Johnson were appointed to the nominating committee. The next knitting meeting will be held Jan. 22, at the home of Mrs. H. A. Stuart.

Mrs. W. H. Inglis, Basil Street, will leave Thursday afternoon for Vancouver to attend the wedding there Saturday evening of her son, Frederick Henry, to Miss Gertrude Jean Laidlaw. While on the mainland she will be the guest of Mrs. M. Hope Peterson, Douglas Road, Burnaby.

Mr. Crawford Burns, the speaker, with Mrs. Chas. Goodwin and Mrs. John Gough, guest artists, were guests of honor when the executive of the Women's Canadian Club entertained at tea after the meeting at the Empress Hotel Tuesday afternoon. Mrs. S. J. Willis and Mrs. Harold Campbell presided at the tea table, and others present included Mrs. J. B. Sinclair, Mrs. Peter McNaughton, Mrs. John Hart, Mrs. A. C. Greenwood, Mrs. Shaw (Scotland), Mrs. W. C. Ferguson, Mrs. T. Bagley, Mrs. L. A. Johnston, Mrs. Cathcart, Mrs. P. Saxton-White, Mrs. D. H. B. Holmes, Mrs. George Bishop, Mrs. W. W. McGill, Mrs. T. A. Johns, Mrs. K. C. Drury, Mrs. F. G. Aldous, Mrs. Charles Hudson, Mrs. Howard Taylor, Mrs. Alan Campbell, Mrs. M. Dighton, Mrs. A. I. Cowan and Mrs. J. C. Dunbar.

Miss Patricia Bishop, whose marriage took place today to Mr. John M. Douglas of Trail, was honored at a miscellaneous shower given Monday evening by Mrs. E. L. Roach, Alderman Road. After receiving a corsage bouquet of carnations from her hostess, the bride-to-be was presented with the many gifts which were concealed in the purple and gold decorated wheelbarrow, wheeled into the room by little Loreen Roach. Games were played and prizes awarded the winners. A buffet supper was served at the close of the evening.

The rooms were arranged with chrysanthemums in mauve and yellow to carry out the prevailing colors. The guests were Mesdames F. A. Roach, B. Smith, H. W. Hughes, G. Robertson, G. Partingale, R. Loudon, and Misses Dora White, Jean Henry, Jean-Bishop, Lauraine Steele and Aline Brennan.

A post-nuptial shower was held Monday evening at the home of Miss Dorothy Kermode, 41 Simcoe Street, in honor of Mrs. A. MacDonald (nee Alberta White), whose marriage took place recently. Corsages of pink carnations were presented to the guest of honor and her mother by the Misses Minnie Garlick and Mona Kermode. Later a rose quilted satin bedspread was given the bride by Miss Margaret Fletcher, accompanied by a toast to her future happiness, which was proposed by the hostess. An enjoyable evening was spent playing games, the winners being Mrs. Marguerite Nicholson and Miss Hilda Jacques. Invited guests were Mesdames A. White, R. Forbes, R. Nicholson, L. Gelling, J. Hayes, A. Kermode, W. McAllister and Misses Edith Fletcher, Helen Jacques, Monica and Norine Moore, Kay Crowe, Marjorie White, Peggy Stirling, Eunice Griffith, Kay Long and Virginia Chaster.

Dr. J. W. Hewitt will be the speaker at a meeting of the Guild of Friendship Thursday afternoon at 3 in room 6 Winch Building. Tea will be served. Dr. Hewitt will speak on "China," in which country he has lived for many years.

### Mrs. Beech Again Heads Auxiliary

Mrs. J. W. R. Beech was returned as president of the Royal Canadian Navy Women's Auxiliary by acclamation at the annual meeting of the organization Tuesday afternoon at Prince Robert House.

Other officers returned were Mrs. C. M. Cree, vice-president; Mrs. R. P. Ponder, treasurer; Mrs. R. P. Kingscott, wool-converter. Mrs. G. H. Tullidge was appointed secretary. A short business meeting was held prior to nomination, it being announced that 1,220 knitted articles had been completed since March, 1941, and dispatched to naval barracks at Esquimalt for distribution where needed, for men on this coast and on the Atlantic. The sum of \$617.40 was spent for wool alone in the last year; this expense being defrayed mainly by membership fees with a minimum of appeals to the public.

Mrs. Beech thanked the members for their good attendance and urged their continued co-operation in the auxiliary's primary endeavor of supplying woolen garments for Canadian seamen.

The Elks W.A. executive met recently in the Elks' Hall. It was decided to hold a concert prior to the dance to be held Friday. The concert will start at 8, refreshments will be served and dancing will follow. Proceeds in aid of Queen Alexandra Solarium. The next meeting of the W.A. will be held on Monday, Jan. 19, in the Elks' Hall at 8.

Dr. J. W. Hewitt will be the speaker at a meeting of the Guild of Friendship Thursday afternoon at 3 in room 6 Winch Building. Tea will be served. Dr. Hewitt will speak on "China," in which country he has lived for many years.

Clubwomen See Film  
Of Trip By Air  
Across Canada

Members of the Women's Canadian Club were treated to the vicarious thrill of a trip by air across Canada at their meeting Tuesday afternoon in the Empress Hotel. About 500 members were present.

In a beautiful natural color film, with accompanying commentary and musical background, members were taken aloft in a sleek passenger plane at Toronto and shown the "scenes behind the scenes" of a trans-Canada trip through the airways both by daylight and overnight, finally coming to rest on the Pacific coast. The various cities en route, Montreal, Ottawa, Regina, Lethbridge, and the vastly contrasting types of scenery between stops were described from a historical and geographical viewpoint. Breathing-taking cloud and landscape scenes were shown, particularly over northern Ontario and the Rockies and the rolling fields of wheat in the prairies. The various functions of an airline and the accompanying facilities were also revealed in the 45-minute film, members being introduced to the meteorological services, flight plans, radio range, duties of stewardesses, handling of baggage and mail and maintenance of aircraft.

The film was shown under the direction of Mr. Crawford Burns, local traffic representative of the Trans-Canada Airlines. Mr. Burns spoke briefly on the value of air service in the war emergency, making communications faster and improving on aircraft designs, and foresaw a tremendous growth of airline transportation after the war.

The meeting was presided over by Mrs. T. H. Johns, president. It was announced that entries were open for the literary competition sponsored by the Toronto

MR. AND MRS. ELI HINDER, 1337 George Street, who held an informal "at home" Tuesday evening in celebration of the 63rd anniversary of their wedding. The venerable couple, who were married in Bristol, England, Jan. 13, 1879, have been residents of Victoria for 30 years, and have one son, Clifford, at home, one daughter, Mrs. K. S. Smyth, and a grandson, Don. Smyth, in Victoria.

Women's Canadian Club, essays, not over 2,000, to be submitted on the subject: "The Future of Housing in Canada" or "The Position of Canada in the Post-war World."

## BLANKETS FOR BRITAIN

Several fine, warm blankets were displayed, the product of 800 pounds of wool scraps saved by members and sent to Winnipeg for manufacture. The blankets are to be sent to England to relieve the suffering of bombed-out victims. One blanket required seven pounds of wool and cost \$1.75 to make. An appeal was made to members to contribute 50 cents apiece to defray this expense. More wool is needed for additional blankets and may be left at Scurrah's Dress Shop or will be called for by telephoning members of the committee.

Two delightful solos were rendered by Mrs. Charles Goodwin, "Hills of Home" and "There's a Land," ably accompanied by Mrs. Dorothy Gough. Mr. W. R. Watson, eminent author and lecturer, was announced as next month's speaker, his subject being "The Futurity of War."

Servants Group of Metropolitan United Church met at the home of Mrs. T. Hammond, Avebury Avenue, the president, Mrs. J. O. Welch, in the chair. Annual reports of the president, secretary and program convener were read. It was decided to donate the Christmas thankoffering to the missionary and maintenance fund. Suggestions as to future programs were given by the various members. Tea was served by the hostess. The next meeting of the group will be held at the home of Mrs. Geo. Robinson, 2929 Quadra Street, Friday, Feb. 13.

## Clubwomen's News

The Women's Auxiliary to the R.C.O.C. will meet at the home of Mrs. R. G. Humphreys, 615 Grenville Street, Esquimalt, Friday at 2:30 p.m. All members are asked to be present.

Primrose Lodge, Daughters of England, met recently in the S.O.E. Hall, the president, Mrs. E. Bissenden, in the chair, assisted by the vice-president, Mrs. G. Jennings. The following officers were installed by Mrs. F. G. Bridges, the Worthy District Deputy: President, Mrs. G. Jennings; vice-president, L. Melville; secretary, Mrs. L. A. Harrison; treasurer, Mrs. B. Langley; recording secretary, Mrs. E. J. Headley; chaplain, Mrs. E. G. Gannet; first guide, Mrs. L. McLaren; second guide, Mrs. E. Lansdell; third guide, Mrs. E. Walker; fourth guide, Mrs. E. A. Jones; inside guardian, Miss E. Barnes; outside guardian, Mrs. L. C. Oster. The war work convener announced a silver tea will be held at the home of Mrs. A. Cough, 2733 Shelbourne Street, Friday at 2:30, in aid of the war work of the lodge. All friends of the order will be welcome.

The Mary Croft Esquimalt Chapter, I.O.D.E., met at headquarters, View Street, Monday afternoon, regent, Mrs. C. T. Beard, in the chair, assisted by first vice-regent, Mrs. Mackenzie Grieve. Treasurer Mrs. W. Smith read her report, showing balance in current account \$287; war account, 10.76. Letter of thanks received from a young mother for mattress and clothing donated by chapter. Letter of thanks from Lampson Street School for donation of \$25 to milk fund. Mrs. Youlton reported she had two suits purchased for Christmas gifts for "adopted" boys at Solarium; also Mrs. Bishop had donated train to one boy. All members were urged by Mrs. Bishop, new war work convener, to make greater effort in knitting socks, etc. I.O.D.E. war savings folders were distributed amongst members. Chapter still to carry on monthly purchase of war savings stamps to be used for rehabilitation of returned men at close of war. Mesdames H. Warder, J. T. Jones and W. Smith appointed nomination officers. Mrs. J. Quinn returned as standard bearer by acclamation for 19th successive year. At close of meeting tea was served by Mesdames Aikenhead, Jones and Kerr.

## Red Cross Notes

## DECEMBER RECEIPTS

The report of Mr. N. M. Foulkes, hon. treasurer of local Red Cross, shows that in December receipts amounted to \$7,577.02, made up as follows: General contributions, \$929.27; units and memberships, \$3,002.51; affiliated groups, etc., \$5.75; air raid sufferers' fund, \$24; blankets for Britain, \$143.50; Chinese relief, \$5; Greek Red Cross, \$211.50; prisoners of war fund, \$41; Russian relief, \$427.25; entertainments, \$667.45; penny cards, \$95.27; superfluities store, \$700; Junior Red Cross materials fund, \$25; aluminum drive, \$820.12; home nursing fees, \$179.40. Expenditures amounted to \$386.48, including office and workroom expenses \$364.12, and relief work, \$22.36. The sum of \$6,486.06 was remitted to the B.C. division, Vancouver, for November account.

The honorary treasurer of Red Cross gratefully acknowledges the following donations: Sooke Unit (additional) \$136.26, Strawberry Vale Unit (additional) \$10, Shawngnan Lake Unit (additional) \$20, Mt. Tolmie Unit (additional) \$3, T. Chapter, P.E.O., proceeds from Christmas party

Lake Hill Active  
In Red Cross Work

A total of \$739.31 was raised, and the number of articles made and donated amounted to 2,988. It was recorded in the secretary-treasurer's report presented at the annual meeting of the Lake Hill unit of the Canadian Red Cross held Monday, with Mrs. W. B. Stockwood in the chair.

Brig-Gen. J. G. Austin took the chair for the election of officers, who were all returned by acclamation, as follows: Mrs. W. B. Stockwood, convener; Mrs. F. B. Yates, secretary-treasurer; Mrs. W. S. Webster and Mrs. R. N. Snape, knitting conveners; Mrs. R. W. Mercer and Mrs. L. S. Heathy, sewing conveners; Mrs. B. Joseph, Mrs. W. Head and Mrs. B. Everest, donations for overseas.

Gen. Austin gave a resume of the work and duties the Red Cross will undertake in the event of an emergency in equipping and staffing A.R.P. and St. John Ambulance posts. He also said the Lake Hill Women's Institute is making preparations for the A.R.P. to use their room as a first aid dressing station. Mr. A. Bullen, chief warden, and several local wardens, were present.

Mrs. H. S. Beckton congratulated the unit on its very good work in the large amount of money raised in 1941, and the great quantity of articles made and sent in. She also spoke of parcels the Red Cross are sending to prisoners of war, and about material in the Workroom, and the 387 handkerchiefs handed in at the meeting for the homeless in Britain. Mrs. Stockwood thanked Mrs. Beckton and Gen. Austin for their instructive addresses. Tea was served.

St. Luke's, Cedar Hill, W.A. will be held on Thursday afternoon at 2:30.

## 1942 Challenging In War or Peace

This is a challenging year, in which the fate of mankind will be decided, said Hon. H. G. Perry today in his first public address since his appointment as Minister of Education in the Hart government. He spoke at the luncheon of the Kiwanis Club Tuesday.

Mr. Perry said the result of the war would be definitely decided this year and hinged on the question whether or not the united nations could resist Axis attempts to seize key points around the world, Britain and the coastline of Europe, North Africa, the Netherlands East Indies, Australia and finally North America were Hitler's objectives, he declared.

Mr. Perry reviewed the possibility of action in all these key points and said Hitler was right when he said their possession and victory of the Axis would settle the fate of the world for 1,000 years.

"Whether or not we can retain these positions," he said, "is the answer to the question 'Can we preserve a system of society that shall ensure the freedom of all the peoples of the world?'"

"If the year 1942 was challenging as to war it was an equal challenge for peace," Mr. Perry said.

"If we win this year," he stated, "then we must meet peace with its responsibilities. I believe that when it does come peace will spring on us with startling suddenness and we must make preparation for it now."

"Statesmen and politicians,"

Mr. Perry said, "are all talking of new orders and a new order must be built by the democracies."

"There will be no return to conditions as we knew them 20 years ago, and we must work to establish a new state in which liberties and privileges will be available to all."

"There must also be new relationships between nations and between the provinces and the Dominion."

Mr. Perry said that when the sons of the present adult generation come back from the war conditions must be such that they are not forced to demand to know what has been done for them, a system must be set up under which there will be no necessity for them to be led up blind alleys of ideology leading to those of the totalitarian state in one form or another. There must, in 1942, he said, whether in war or peace, be good government, good sense and thought and good will.

Dry ice can be used to distinguish real and imitation diamonds — the real gems will squeak when touched by it.

## Elmore Philpott

### ATTACK SURE

Mr. Churchill's solemn statement—that we should be ready to take the offensive in 1943—is to be taken with a large wink.

Certainly we will take the offensive in 1943. But there are excellent reasons for thinking that we will take it long before 1943—and very close to Germany itself.

The whole war picture has changed with the all-out entry of the United States. Hitherto our most fundamental British need has been to make sure that we always had in or near Britain enough land, sea and air force to defeat any German invasion of the British Isles. The United States has ready for instant action—large forces. Some of these will go to Britain. Their arrival will make possible an entirely new plan of war.

And while we never will know where the Allied attack will come until it is actually made, we do know that there are half a dozen different spots where the Germans could be hit and hit hard.

Norway and the Low Countries are two good bets, as spots for Allied attacks—and before January, 1943.

DEFENCE DEADLY

When are enemies advancing as spectacularly as the Japanese now are, the natural tendency for all of us is to think in terms of stopping that advance. But one great lesson of all war—and certainly the greatest lesson of this war—is that ability to attack is the best of all defences. Indeed, it is almost the only real defence.

We shall continue to give way in the Pacific until we are ready to hit back. And when we really hit back it is unlikely to be at any of the little groups of Japanese hornets descending on this island or that island. It will be towards the hornet's nest—Japan itself.

A single sea battle could change the whole Pacific picture in a matter of one day.

A guess is that the grand strategy of the united nations is to concentrate on Germany. Russian counter-attacks, daily increasing in power, already have the Germans reeling. With the

Germans as increasingly demoralized as they now are a British American offensive, on some well selected spot, might speed the winning of the war by years.

WHAT OF DEFEAT?

There are many reasons why a good-sized offensive against northern or northwestern Europe is not only practicable but probable.

Hitler's desperate position in Russia gives the Allies an opportunity more favorable than would exist once he succeeds in stabilizing his eastern defences. Moreover—if Hitler actually is contemplating a new offensive somewhere or other—he might well be beaten to the punch.

Our offensive in Libya got in ahead of Rommel's intended attack by a matter of a few days. The results speak for themselves. Nor would failure of an Allied invasion attempt mean the disaster that it would surely have meant if undertaken last summer—at the height of the public clamor for it. Precisely the same forces now necessary for the defence of Britain are available for attack—for huge reserves will be available with every passing month.

There is no parallel now with the situation at the time of Dunkerque. Britain has the air power—which is pinned there anyway for the defence of Britain—which will give her complete mastery of the necessary patch of the skies. The shipping problem is easier then for an offensive in any other part of the world. The possible fruits of victory are very rich. The risk of losses are no higher than risks which must be taken somewhere.

All of which suggests—keep an eye on Norway or the northern coast of Europe. For one or other of those spots is very likely to be the scene of another and better kind of Dunkerque.

There is less risk in the Norwegian possibility. But men with minds like those of Roosevelt and Churchill would more likely pick on a spot on the direct route to Berlin.

Sixteenth century Portuguese traders with Japan received special requests for instructors in the manufacture of gunpowder and use of fire arms.

By PETE SALLAWAY

CLOSER THAN THE FUZZ on the back leg of a flea. That's our way of describing the Coast Hockey League race. Following Monday night's Nanaimo victory over Vancouver the four clubs were all even-steam again. One couldn't budge the squads any closer and it has been that way for the last month. Anybody who tries to predict the winner at this stage is just getting out on a limb that somebody is liable to cut from under.

We remember chatting to Lester Patrick a few years back and he described the perfect hockey league as where each club won all its home games. Such is just about the case in the coast circuit and the result in interest is being kept at fever pitch throughout the loop, except in New Westminster, where the management of the Spitfires is still trying to figure out the lack of support.

Right now our Bapcos are sitting pretty in the hockey race. They are up on top, at the time of writing, and have played less games. However, the Victoria players should not count too much on those extra games. After all they are not points in the win column. From what we hear the latest strategy of the club is to go all out to win its remaining games. The boys

## Spitfires Lead Hockey

### Defeat Nanaimo 6-2

NEW WESTMINSTER (CP)—New Westminster Spitfires have at last regained sole leadership of the Pacific Coast Amateur Hockey League with an excellent chance to consolidate their top-place position in games later in the week.

To do this they have only to display the same offensive power on Friday and Saturday nights in Victoria and Nanaimo as they showed here Tuesday night when they piled up a 5 to 0 lead in the first two periods against Nanaimo Clippers and went on to a 6 to 2 victory which broke a four-way tie for the league leadership.

Clippers, Victoria Bapcos and Vancouver Norvans remain bunched in second place, each with 17 points, two less than Spitfires.

Art Forrest topped the New Westminster scorers with two goals as the Spitfires' Forrest, Trites, Cranston, line power-housed through the Clipper defence during two-thirds of the game.

Forrest opened the scoring after less than five minutes of play and added his second goal four minutes later. Trites then made it 3 to 0 with less than two minutes of the period left.

Spitfires maintained their unrelenting pressure in the second frame with Ken Hall netting midway through the period and Gordon Boyd adding another later on a pass from Hall.

## CLIPPERS DESPERATE

On the short end of a 5 to 0 count as they went into the final stanza, Clippers staged a desperate battle to prevent a shut-out. They were rewarded when Jackie Mann beat goalie Stubby Mason after taking a pass from Nick Smith and wriggling through the Spitfires' defence.

Ed Downey boosted the New Westminster advantage to 6 to 1 on a solo play at the 14-minute mark.

Jimmy Neilson then wound up the scoring in the last minute of play with Clippers' second corner of the night.

## SUMMARY

First period—1, New Westminster, Forrest (Trites, Cranston), 4:27; 2, New Westminster, Forrest (Pettigrew), 8:55; 3, New Westminster, Trites, 18:10. Penalties: None.

Second period—4, New Westminster, Hall (Williamson), 10:34; 5, New Westminster, Boyd (Hall), 16:32. Penalty: Pettigrew.

Third period—6, Nanaimo,

figure that will just about get them into the playoffs.

Hockey fans who stayed away from the Arena Monday night certainly missed a first-class puck scramble between the Navy and Army. The lads in blue and khaki put on a show worth watching. Wonder just what the trouble was with those Navy players? They stayed on the ice for about two minutes and hollered for a rest.

Con Jones Park, one of the most famous homes of outdoor sports in Vancouver, has passed into the hands of the mortgagees. Home of soccer in the mainland city for 20 years—fate of the park is not known. No more Coast League matches will be scheduled there until disposition of the grounds has been cleared up. The park was built in 1920 by Con Jones.

The park was the scene of many famous soccer battles and its turf had witnessed performances by Third Lanark in 1921, Scottish League Team, Corinthians in 1926, Scottish all-stars in 1935, Charlton Athletic in 1937 and a Scottish F.A. side in 1939. Loss of the sport ends another sport family dynasty. British Columbia's best Patricks in hockey and now the Jones brothers are gone.

## Esquimalt Cagers Score Double Win

Esquimalt basketball teams won two out of three fixtures on their home floor at the Fraser Street Hall Tuesday night.

Intermediate A hoopers defeated Fairfield, 24 to 15, and the intermediate B boys waltzed through Maple Leafs, 30 to 11.

In the other game the home team went down, 26 to 12, before St. Louis College juniors.

D. C. Lewis refereed. Individual scores follow: Esquimalt—Young 4, Pashley, Creed 14, Rafferty 10, Waldman 2 and Waddington.

Maple Leafs—O'Brien, Curtis, Thomson, Jasper 3, Yardley 4, Shum 2 and Nard 2.

Esquimalt—Douglas 4, Edmonds, Levy 10, Ware 2, Chas 8 and Foreman.

Fairfield—McDonald 2, Wood, Horne 5, McCaghey 6, McKeachie and Popham 2.

St. Louis College—Sullivan 2, V. Clarkson, French 10, Rynoski 10, Monaghan, Regan 2, Grey and O'Connell 2.

Esquimalt—Takada 2, Patterson 4, St. Louis 2, Pecknold 2, Knappett 2 and Langlois.

## TONIGHT'S GAMES

Three games are slated tonight at the Y.M.C.A. gym, as follows: 7:15—Y.M.C.A. vs. Senators, junior boys.

8:00—Y.M.C.A. vs. Douglas Tire, intermediate A boys.

9:00—K.V.'s vs. Chinese Recreation Club, intermediate A boys. Referee: Phillion.

## Former Ice Greats Play Benefit Game

BOSTON (AP)—Boston Bruins will engage a star-studded aggregation of former National Hockey League aces for the benefit of the Army Relief Society at the Boston Garden Feb. 6, it was announced Tuesday night by Maj. Gen. Thomas A. Terry, commander of the first corps area.

Performing for the all-stars, he said, will be such hockey immortals as Eddie Shore, Tiny Thompson, Red Horner, King Clancy, George Owen, Cy Wentworth, Joe Primeau, Herb Lewis, Larry Aurie and Cooney Weiland, who coached the Bruins to the Stanley Cup last season.

TRAINER, HORSES BARRED MIAMI (AP)—Trainer O. L. Foster and all the horses owned or trained by him were suspended Tuesday by the Florida State Racing Commission and the case referred to the commission.

## Play Here Saturday

Setting the pace in the Coast Soccer League, North Shore United will be in Victoria Saturday afternoon for a match against Victoria United at Athletic Park, starting at 2.30. The group of North Shore players seen in the above picture includes some of the finest soccer material in the province. The scene was taken last year when Shores captured the Mainland Cup. Those in the picture, from left to right: Norm McLeod, Don Matheson, Jimmy Love, Bob Harrison, Arnie Bumstead, Jimmy Spencer, Mike McManus and manager Allan McSweeney.

## Trail Victor As Police Stop Fight

TRAIL (CP)—Lethbridge Maple Leafs suffered the first setback in their initial tour of the British Columbia end of the Alberta-British Columbia Senior Hockey League Tuesday night, when Trail Smoke Eaters staged a whirlwind four-goal attack in the second period and wound up with a 6 to 4 victory.

Police were called to break up a general fist fight among the players of both teams on the ice just as the game ended.

Scrap followed an earlier flare-up in the final session, when fists began to fly and Pete Sibbald and Duffy drew five-minute penalties.

Maurice Duffy and Mike Buckina led the trail scorers with two goals apiece and Christensen and Kwong sniped the others.

Walter Rimstad was the star for the Leafs, scoring three of their four goals, two of them single-handed, while Alex Fringle got the other.

## ROVERS, R.A.F. WIN PADDLE PLAY

Wins by Rovers and R.A.F. No. 3, and a tie between Nutshell Cafe and R.A.F. No. 2, featured Tuesday night's second division play of the Victoria Table Tennis Association at the Crystal Garden.

Rovers defeated Firemen, 21 to 15, while the airmen just pushed past four Stars, 49 to 17.

The other game ended in an 18 to 18 draw.

Results follow:

R.A.F. No. 2—Singles: Bartlam 3, Seff 5; Andrews 3, Roberts 2.

Doubles: Seff and Andrews 2, Roberts and Bartlam 1.

Nutshell Cafe—Singles: McKenzie 6, Cornish 4; Mair 0, Kirchner 7.

Doubles: McKenzie and Cornish 3; Mair and Kirchner 0.

Four Stars—Singles: Olson 6, Taylor 8; Preneau 1, Robson 0.

Doubles: Preneau and Olson 1, Jones and Taylor 1.

R.A.F. No. 3—Singles: King 4, Houston 4; Stone 4, McIntyre 5.

Doubles: Houston and McIntyre 2, King and Stone 0.

Rovers—Singles: Greensmith 6, Tuthill 7; Mackay 8, Smith 0.

Doubles: Greensmith and Tuthill 0, Mackay and Smith 0.

Firemen—Singles: Gwyer 2, Ross 2; Hoosen 3, Coates 2.

Doubles: Ross and Coates 2, Coates and Gwyer 2.

A report of the commission's chief veterinarian said: "Saliva test taken on Victory Bound at Tropical Park, Jan. 9, 1942, on chemical analysis showed a stimulant had been administered to this animal."

## Hogan Beats Thomson

### Victor by Stroke

### Soose Suffers Surprise Defeat

LOS ANGELES (AP)—Championship golf still pays off on the man who can get 'em down when the chips are down.

Little Benny Hogan proved this when he played the David to Jimmy Thomson's Goliath yesterday, cracking the husky California professional with one spectacular shot on the 18th green.

That won the playoff of the 17th annual Los Angeles open.

Hogan ran into tougher opposition than many expected before squeezing out a one-stroke victory for the \$3,500 first prize.

He had a 36-36-72 and Thomson, winner of the L.A. open in 1938, had a 38-35-73.

Hogan, using a golf shot instead of a slingshot, felled the California giant with a birdie four on the last green—a birdie that brought peace and calm to thousands of nervous dollars wagered on the little Hershey, Pa. expert.

Thomson overshoot the first green for a bogie and Hogan went to the front. Benny drilled the second and fourth and pulled ahead by three strokes.

## ALL EVEN ON 14TH

Good-natured Jimmy failed to wilt, however, and pulled up on even terms on the 14th. Neither player could be labelled better than good at this stage, but they were handicapped by a gallery of 4,000 which trampled on their heels and got in their hair.

Thomson threatened to go into the lead on the 17th when Benny's tee shot whistled into a tree, started off, hit a spectator and dropped cold. But Hogan recovered with an approach two feet from the pin, and then the pressure was on Jimmy, with a six-footer staring him in the face. He made it for a birdie and they went to the 18th tied.

Thomson's second fell short at the base of the raised green. Hogan was to the left on a less steep incline. Thomson chipped up 17 feet from the flag, and Hogan spanked his killer shot up just 15 inches from the cup.

Jimmy went for his long putt and missed by a scant few inches. Hogan tapped his in and the battle was over. Thomson's consolation second money was \$1,700.

The cards:

## Sports Shorts From Britain

### Phelps, King's Bargemaster, Dead

TORCROSS, Devon, Eng. (CP)—The celebrated J. T. (Bossy) Phelps, the King's bargemaster and father of two great professional scullers, died here Tuesday after a long illness.

Bossy, who knew the Thames as few men did, was descended from a family that for six centuries had been watermen and for the last 100 years had been in the royal service.

The war beat harshly with him. His airman son, Ted, three times world sculling champion, who was dethroned at Toronto several years ago by Bobby Pierce of Hamilton, Ont., is a prisoner of war. His other son, Eric, also a noted oarsman, is held in a German internment camp. He also competed in Toronto. Rowing, the sport for which Bossy lived, was abandoned for the duration.

Bossy's duties were not burdensome for the royal barge had not been used since 1919. Built in 1889, the two-ton barge had been rowed over the course of the Cambridge-Oxford boat race in 28 minutes, which Bossy called "pretty good rowing" considering varsity crews have taken 20 minutes to cover the 4½ miles in streamlined shells.

BROOKLYN, N.Y. (AP)—Jimmy Hatcher, 13½, Lake City, S.C., outpointed Guillermo Pentes, 13½, Colombia (8).

WHITE PLAINS, N.Y.—Irwin Kaye Kaplan, 15½, Los Angeles, stopped Vinnie Rossano, 14½, Brooklyn, N.Y. (7).

NEW YORK (AP)—Bobby Ruffin, 132 New York, outpointed Chalky Wright, 128½, Los Angeles (10).

JERSEY CITY—Joey Haddad, 144½, Paterson, N.J., outpointed Tommy Roman, 146, Bayonne (10).

ST. LOUIS (AP)—Johnny Sturm, first baseman of the world champion New York Yankees, was inducted into the United States army as a private, Tuesday, and was assigned to assist in the athletic and recreation program at Jefferson Barracks.

HEXTALL REGAINS SCORING LEAD

Bryan Hextall of the New York Rangers is back at the top of the National Hockey League individual scoring race today as a result of two assists he picked up in Tuesday night's 9 to 2 win over Americans to boost his count to 28 points.

Two other Rangers, Lynn Patrick and Phil Watson, tallied two points apiece to join Bill Cowley of Boston behind the leader, all with 26 points.

Leaders follow:

## Rangers Smother Amerks, Set Mark

### Lynn Patrick Contributes Two Goals

A makeshift forward line made Brooklyn Americans look like lame octogenarians Tuesday night, and gave coach Frankie Boucher of New York Rangers a pressing problem to go with his joy.

Reasons for Boucher's joy: 1. Rangers' 9 to 2 victory over Americans broke a second-place tie with Toronto in the National Hockey League and sent Rangers into undisputed second place behind Boston Bruins, who beat Detroit 2 to 1.

2. It set a new record, Rangers having scored in 78 consecutive games. The old record was their own, at 77.

3. It extended Rangers' unbeaten streak to seven games, best of the season. They have six wins, one draw.

4. Put Bryan Hextall back on top of the scoring standings.

Boucher's problem: Whether to leave Alfie Pike on the same line with Mac Colville and Alex Shibicky, instead of Neil Colville. Pike-M. Colville-Shibicky picked up 11 scoring points Tuesday night, while Neil Colville was filling a defence position for the injured Ott Heller. The Colville-Shibicky line was good, but the new one looks better.

HOLLETT BIG NOISE

Veteran Flash Hollett scored both goals for Boston against Detroit. Carl Liscombe scored Detroit's goal just after Hollett's first one in the second period. The winning counter came at 13:17 in the third.

Rangers non-shutout record cracked the one they set in 77 games up to mid-January, 1933. Hextall entered the game tied with Boston's Bill Cowley at the top of the scoring, and his two assists sent him out in front.

Shibicky bagged three goals and one assist, Pike got four assists and Mac Colville one goal and two assists. Lynn Patrick's two goals placed him in a second-place scoring tie with Cowley, Phil Watson, Grant Warwick and Allen Kuntz scored the other Ranger goals, with Wilf Field and Norm Larson counting for Americans.

SUMMARIES

RANGERS-AMERICANS

First period—1, Rangers, Patrick (Pratt, Hextall), 1:36; 2, Rangers, Shibicky (Pike, Mac Colville), 19:25. Penalty: Egan.

Second period—3, Brooklyn, Field (Modell, Markier), 5:32; 4, Rangers, Mac Colville (Shibicky, Pike), 10:16. Penalties: Juzda, 2; Mac Colville, Egan 2; McAndrew, Warwick.

Third period—5, Rangers, Watson, 7:52; 6, Rangers, Warwick (Smith), 15:39; 7, Rangers, Shibicky (Pike, M. Colville), 16:43; 8, Rangers, Shibicky (Juzda, Pike), 17:42; 9, Rangers, Patrick (P. Watson, Hextall), 18:32; 10, Brooklyn, L. Egan (Anderson, Armstrong), 19:02; 11, Rangers, Juntz (Smith, Warwick), 19:16. Penalty: Smith.

BOSTON-DETROIT

First period—Scoring, none. Penalties: None.

Second period—1, Detroit, Liscombe, 7:03; 2, Boston, Hollett (Schmidt), 10:39. Penalty: Cowley.

Third period—3, Boston, Hollett (Conacher), 13:17. Penalties: None.

NEW YORK—Bobby Ruffin, 132 New York, outpointed Chalky Wright, 128½, Los Angeles (10).

JERSEY CITY—Joey Haddad, 144½, Paterson, N.J., outpointed Tommy Roman, 146, Bayonne (10).

ST. LOUIS (AP)—Johnny Sturm, first baseman of the world champion New York Yankees, was inducted into the United States army as a private, Tuesday, and was assigned to assist in the athletic and recreation program at Jefferson Barracks.

## Services Hockey Double-header

Supporters of the Services Hockey League will see the Rocky Mountain Rangers club in action Monday night when the mainland unit sends over its squad to oppose the Army in one half of the doubleheader to be staged at the Willows Arena.

Second portion of the twin attraction will see the Navy stack up against the Royal Canadian Air Force.

First game will start at 8. R.C.A.F. will make its return to action after a layoff of several weeks. The air force players were out at the arena today getting the kinks out of their legs and polishing up their plays in preparation for a tough clash with the undefeated Navy.

Officials of the Services League announced Tuesday that Monday night's game between the Army and Navy, which saw the sailor puckmen score a 3 to 2 victory had been declared a 2 to 2 draw.

The officials ruled out the penalty goal scored by the Navy as the service teams are playing under the 1940-41 rules, which call for a penalty shot to be fired from the red line and do not permit the player to skate in on top of the goalie.

## DEMPSEY INVITED TO JOIN U.S. NAVY

MUSKOGEE, Okla. (AP)—Jack Dempsey may be too old for the United States army, but he's got an invitation to join the navy.

Recruiting officer A. T. Husted wired the former heavyweight champion: "Recent news reports say army rejected your attempt to enlist. Navy welcomes fighting men from 17 to 50 years, and this office invites you to join the navy and free the world."

## Racing Results

TROPICAL PARK—Horse racing results here Tuesday follow:

First race

W. A. C. Bennett

## Okanagan M.L.A. Asks Road Work

Plans for completion of the Hope-Princeton Highway and increase in old age pensions were made in the Legislature Tuesday by W. A. C. Bennett, Conservative, South Okanagan.

"If the federal government is

W. A. C. BENNETT  
... First Appearance

so involved in the war effort that it can pay no attention to old age pensions, then this province should increase the pensions out of its own revenue." Mr. Bennett said in his maiden speech. "This government at least should try to do something."

Money spent so far on the Hope-Princeton Highway has been wasted unless it can be completed. The highway is needed, Mr. Bennett said, as an outlet for farm produce, as a tourist attraction, and more important, as a military road.

"If ever a highway has been a political football it is this highway, and now that we have coalition government I hope it can be completed," he said.

"This is no time for nonessentials, but essential services are highways and bridges, because in time of war highways should be kept in good shape—especially in modern war highways play an important part."

The people of the Okanagan, Mr. Bennett said, appreciate the efforts of Agriculture Minister MacDonald to give the province orderly marketing, as before marketing control there was chaos.

Mr. Bennett criticized the C.C.F. for not entering coalition. Their refusal would have been excusable in time of peace, but not in time of war.

"This is no time for isolationism," Mr. Bennett said. "When the ship of state was going close to the rocks the Premier asked the C.C.F. to come in and take an oar, but the C.C.F. refused to take an oar—merely said they would not rock the boat."

Len Shepherd

## War Shortages Facing B.C.

British Columbia will soon face shortages and restrictions never before experienced in her history, L. A. Shepherd, C.C.F., Delta, warned in the Legislature Tuesday.

Because of this plans should be made for problems shortly to arise, he said, adding he saw, shortly, complete dislocation in many businesses. He said there would be shortages in transportation in farm labor.

In the latter connection he thought it would be a good idea if schools could close two weeks earlier for their summer vacations and so allow children to pick berries, "not only for the money they would earn, but for patriotic reasons."

He foresaw a shortage of school teachers and thought the period of training for teachers might well be redrafted.

He asked something be done for old age pensioners, for "their situation is very acute; some of the regulations in connection with the act are almost inhuman." He said one of the most disgraceful things was the holding of tag days for old age pensioners, "whereby these people become objects of public charity."

Of agriculture, Mr. Shepherd said "we need an aggressive agricultural policy for the permanent benefit of our farmers. Farmers should have some way of developing a supplementary income."

Marketing, Mr. Shepherd felt, should be turned over to the Department of Trade and Industry. "The problems I have mentioned are either caused or aggravated by the war and they should be attacked right now," Mr. Shepherd said.

Nauru, South Seas island under British Empire mandate since the first Great War, is rich in phosphate rock.

## LABOR WELFARE TO BE EXAMINED

The coalition government, in the Legislature Tuesday, through Premier John Hart, agreed to C.C.F. requests that committees of the House be formed to deal with labor and social welfare.

L. A. Shepherd, C.C.F., Delta, in a motion asked that these committees be formed. He also requested a committee on public utilities, but Premier Hart in an amendment struck this out.

T. D. Pattullo, Liberal, Prince Rupert, said he did not see why there could not be a committee to deal with public utilities.

Education Minister H. G. T. Perry said if a committee was struck to deal with public utilities there was no good reason why committees should not also inquire into the Liquor Board, the Workmen's Compensation Act and the P.G.E.

Mr. Perry said he would like to see all these boards and commissions have their powers restricted and come more under the control of the Legislature.

Bernard Webber

## Trade Unionism Workers' Right

"I think it is essential we should build up the morale of our workingmen," said Bernard Webber, 27-year-old C.C.F. member for Similkameen, said in his maiden speech in the Legislature Tuesday. We are fighting this war not only for political

BERNARD WEBBER  
... Maiden Speech

but for economic democracy, and trade unionism ought to be recognized as the right of the workingman.

In Princeton, he said, the United Mine Workers of America have organized the coal miners, but the operators won't recognize the union.

"The employers resolutely refuse to confer with the organized men," Mr. Webber reported.

"I think democracy must be more than something we passively enjoy," he said.

Mr. Webber, himself a teacher, requested better conditions for members of his profession. He asked that the teaching profession be made more attractive, so that it would hold people of outstanding ability, not be merely used by them as stepping stones to something more profitable.

"So long as that happens the teaching profession is going to suffer," he said, recommending that teachers have experience in urban schools before they were sent into country districts. He suggested standardized salaries for teachers.

The youthful member—the new "baby" of the House—called for immediate completion of the Hope-Princeton Highway. He said it takes four days for the fruit and vegetables of his district to reach Vancouver under present conditions. With the highway completed these products could be sent to the city in a day. Completion of the road would open Manning Park, with all its tourist potentialities, but the chief importance of the highway today is its military use, in case of emergency. He suggested that enemy aliens could be put to work on the highway.

Regarding old age pensions, Mr. Webber said a cost-of-living bonus would not be enough—it would merely raise the pensions to their prewar level. The pensions should definitely be increased, he said.

LANGFORD.

The monthly meeting of the Langford Parent-Teacher Association will be held today in the schoolhouse. Executive meeting at 7.45. Dr. G. Carl of the Provincial Museum will show moving pictures and slides on B.C. flora and fauna.

A special school meeting for qualified voters of Langford school district will be held Jan. 21 at 7.30 in the schoolhouse.

Nonmoisture-resisting cellophane film resists windshield steaming—it can be pasted to the inside of the windshield.

#### They'll Do It Every Time

#### St. Pierre Prelate Opposes New Rule

By D'ARCY O'DONNELL  
 ST. PIERRE (CPI)—Mgt. A. Poissant, apostolic prelate of St. Pierre and Miquelon Islands, explained in an interview his attitude toward the Free French seizure of the colony from Vichy Dec. 24.

"We hope for an Allied victory in this war," he said, "and we admire the men fighting against Germany, but the fourth commandment of the Roman Catholic Church rules that its priests and ecclesiastics must obey the legitimately constituted government of their country."

"This is not a case of following any political party or leader—the church does not take sides on political questions—but rather a case of obeying the laws of the church," declared the prelate, himself a veteran of the first Great War.

"Were the ecclesiastics to follow political parties or leaders, no one would be satisfied. Because of the laws of the church, I cannot justify the action of the Free French."

**SPKERS OF BALLOT**  
 He said several people retrained from voting while the plebiscite ordered by the Free French was being held because on the ballots "they were asked to choose between Gen. Charles de Gaulle and Marshal Petain."

(Of those participating in the plebiscite, 98.2 per cent registered their vote for the Free French leader.)

Sentiment of some of the people toward the occupation, he said, had been affected when the U.S. State Department referred to it as "an arbitrary action" and "contrary to the agreement of all parties concerned."

"Foreign radio commentaries on the occupation made the people realize what was afoot," he declared. "The first day of the occupation, Free French flags were seen all over the town, but now there are only a few as you can see. The attitude of the United States appeared also to have affected the vote for the Free French in the plebiscite held at Miquelon a few days after it had been held at St. Pierre."

#### Dressing Up the Troops

A buck private in his new walking-out dress.

Canada's young soldiers already, according to wartime standards, "the best-dressed men" in the Dominion, are shortly to be issued with a smart second uniform to be worn off duty, it was announced at defence headquarters at Ottawa Tuesday night.

"It is decidedly not a replacement—the walking-out dress is what its name indicates," said Major-General B. W. Browne, Adjutant-General, "a best suit" to be worn when work is done for the day. The boys who form Canada's Army today are typical young Canadians, the kind of chaps who wouldn't think of going out for the evening in their working clothes, who wear their best suit on Sundays. Because they are in the army there is no reason why their standards should be changed—hence the issue of an extra uniform."

Economy enters into the picture, too, it was pointed out, two suits having more than twice as long a life as one. Smartly cut, quite like the jackets and slacks worn by officers, even to the brass-buckled cloth belt, the new uniforms, issue of which is expected to be made early in March, are tailored in regulation khaki serge. The tie to be worn with the new uniform is a Beech brown in color and collar-plins form part of the issue. Black socks, finer than the issue worn with boots, and black low shoes complete the walking-out dress with which is worn the familiar khaki wedge cap or, if the soldier possesses one, the colorful wedge cap authorized already.

#### THESE WOMEN!

"Look, darling, last month it took seven unpaid bills to live within our budget, and this month it takes only three."

#### RADIO AMATEURS GIVE VARIETY

Major Bowes' group of "amateurs" are appearing today and tomorrow at the Capitol Theatre. These youngsters always are favorites with patrons in Victoria because of their freshness and vigor of their acts. Comedy, novelty instruments, imitations, singing and dancing will all be a part of the new touring unit. On the screen will be "Week-end for Three," starring Dennis O'Keefe and Jane Wyatt.

#### Versatile Ginger In 'Primrose Path'

Again displaying her versatility on the screen, Ginger Rogers forges her dancing shoes and comedy proclivities to portray a starkly dramatic role in "Primrose Path," coming to the York Theatre tomorrow, in which she co-stars with Joel McCrea. Miss Rogers, whose greatest dramatic triumph was in "Stage Door" two years ago, is now cast as a friendless little outcast whose disreputable family casts its shadow over her life—a condition which brings about poignant complications when she falls in love with a rugged young man, played by Joel McCrea.

Marjorie Rambeau, Henry Travers, Miles Mander, Queenie Vassar and little Joan Cafroni appear in important supporting roles in this Gregory La Cava production for RKO Radio.

#### PLAZA THEATRE

Basil Rathbone, portraying an intelligence officer in "International Lady," the spy melodrama at the Plaza Theatre, spends his spare time playing a good game of tennis and an excellent game of golf. He lives in Bel Air, near the hills, and is often seen hiking across the country just for the exercise.

United States students visiting Winnipeg have been named "Usonian," and liked it. They think it better than "Yankies" or "Americans."

#### Where to Go Tonight

**ATLAS**—"The Feminine Touch," starring Rosalind Russell and Don Ameche. **CADET**—"High Sierra," starring Humphrey Bogart. **CAPITOL**—"On the Stage," "Major Bowes' Amateurs" in person. **DOMINION**—"I Wake Up Screaming," starring Betty Grable. **OAK BAY**—William Powell and Myrna Loy in "Love Crazy." **PLAZA**—George Brent and Thelma Houston in "International Lady." **RIO**—"Moon Over Miami," with Don Ameche and Betty Grable. **YORK**—Errol Flynn in "The Sea Hawk."

#### STUNNING FROCKS WORN BY STARS

Sound and snug in plot, "The Feminine Touch," now being shown at the Atlas Theatre, is one of the year's most successful attacks on the public risibilities. This is a Metro-Goldwyn-Mayer comedy, with Rosalind Russell, Don Ameche, Kay Francis and Van Heflin, in a story as modern as the new tax rate.

The dialogue is clever; Metro-Goldwyn-Mayer provided beautiful backgrounds, and Adrian designed the stunning costumes worn by Miss Russell and Miss Francis.

#### OAK BAY THEATRE

In "Love Crazy" William Powell wears the biggest wardrobe of his screen career, yet audiences see him in only three different outfits. The other 21 are duplications of the three. "Love Crazy," co-starring Myrna Loy, is currently at the Oak Bay Theatre.

Reason for the numerous changes is that the actor literally undergoes a "test by water" in the picture. He is dunked in a swimming pool, given a shower, deluged by a sprinkling system and caught in the rain—all with his clothes on.

**RIO THEATRE**  
 Whenever 20th Century-Fox has a romantic threesome in a frothy, sophisticated musical comedy, Walter Lang is drafted to direct.

"Moon Over Miami," now at the Rio Theatre, is just such a comedy, and Don Ameche, Betty Grable and Robert Cummings form a romantic threesome, and that's why Walter Lang was the director.

#### CADET THEATRE

The peak of screen excitement is reached in "High Sierra," the Cadet Theatre's new picture. Moving inexorably to his doom, "Mad Dog" Earle, as portrayed by Humphrey Bogart, is the enemy of all that is decent and good, defiant of every law on earth—except the High Sierras. He is a strange man, and his is a strange story that grips your

interest with its powerful fascination.

Here's a tip to all men. Next time you take your girl out, be sure to have your "face fitted!"

At least that's the advice wardrobe expert Albert Conti, at 20th Century-Fox would give, "Face fitting" is Conti's specialty.

Mr. Conti proves his point with Don Ameche, starred with Joan Bennett in "Confirm or Deny," which is now at the Dominion Theatre.

"Take Mr. Ameche," explains Conti, who was formerly a Court Chamberlain at the Imperial Austro-Hungarian court of the late Emperor Franz Joseph. "If his clothes in this picture didn't look right, people would say they don't fit him. That's not true. Clothes can be fitted to a body, but the secret is to fit the face."

Interest with its powerful fascination.

#### U.S. Closely Watches Japs in Hawaii

WASHINGTON (AP)—Navy Secretary Knox told reporters today U.S. military authorities were concerned over the racial composition of the Hawaiian Islands population. Out of a total population of 423,330, he said, those of Japanese racial stock, both Japan-born and others, number 157,905 or 37.3 per cent of the total. Caucasians number 103,791. Hawaiians and part-Hawaiians total 64,310, and Filipinos number 32,589.

Knox said no decision had been reached on the handling of this "serious problem," but that it was "under very earnest discussion." Jurisdiction over handling the racial problem belonged, he said, to the army and not the navy.

More than half the cars operating on American highways have a cash value of less than \$100.

Complete issue will consist of: Jacket, serge; trousers, serge; two-collars, one-collared, brown; necktie, black socks, black leather low shoes and waterproof coat.

The once-familiar "swagger stick" will make its reappearance when Young Canada steps out in the new uniform and another stick—the "button-stick," a brass

**FIRST CARGO SHIP LEAVES YARD UNDER OWN STEAM**—Launched only two months ago, the Fort Ville Marie, first cargo vessel to be built in Canada during this war, is shown as she leaves the yards of Canadian-Vickers under her own steam. Several other 10,000-ton cargo boats are being built in Canadian shipyards.

## Board Will Get Jap Fish Fleet Operating

OTTAWA (CP)—Plans have been approved by the government for putting back into production the 1,100 vessels of the British Columbia Japanese fishing fleet immobilized Tuesday by government restrictions.

Fisheries Minister Michaud announced today approval of an order-in-council setting up a committee of three which will supervise charters, leases or sales of these vessels to non-Japanese operators.

The fleet, owned by persons of Japanese origin, is valued at between \$2,000,000 and \$3,000,000. Some 980 units are impounded near New Westminster and the remainder at Prince Rupert and other Pacific ports.

They were immobilized after the outbreak of war in the Pacific and the government ruled Tuesday that fishing by those of Japanese racial origin would be prohibited in all Canadian waters and banned Japanese from serving on any fishing vessels.

The production of the Japanese fishing fleet in British Columbia contributed largely to the food supplies of the Empire. It was said. This led to a government decision that action must be taken at once to get the immobilized fleet back into operation while preserving for the Japanese owners their equity in the vessels.

The following committee has been named to supervise transfer of the fleet to non-Japanese operators:

Justice Sidney A. Smith, chairman.

judge of the Supreme Court of British Columbia, Vancouver;

Cmdr. B. L. Johnson, Royal Canadian Naval Reserve, Vancouver, representing the Defence Department, and Kishizo Kimura, Vancouver, representing the owners.

This committee, Mr. Michaud said, will facilitate negotiations between the owners and those desiring to take over vessels for fishing purposes, arbitrate on prices and protect the interests of both sides, report on claims which may arise in respect to deterioration or damage, and report on claims which may be made on the government for return of the vessels to the point where they were picked up.

The committee will also report on steps which should be taken to dispose of vessels which the present owners are unable to sell, charter, lease or otherwise transfer.

The committee will serve without compensation other than traveling and living expenses when away from home.

## Seven-day Week

SAN FRANCISCO (AP)—Pleas of the United States government for ships and more ships for the country's war effort brought agreement from Pacific coast shipbuilders and unions today to keep production going 24 hours a day, seven days a week.

## Bow Toward Mecca

HALIFAX (CP)—A gloomy passageway buried deep in the bowels of a ship, a deserted hallway or a lavatory in a sailors' mess—these are places of worship for Mohammedans in port here.

Probably the most devout of all the varied nationalities that man the allied merchant fleet, the swarthy followers of Mohammed never seem to let lack of facilities stop them from practicing their sacred rites.

Calling in ports such as Halifax, where Mohammedan mosques are unknown, these deckhands and stewards serving aboard ships gather in out-of-the-way places every evening at sunset for Mohammedans in port here.

## Sit-down Strike

VANCOUVER (CP)—Calling of a two-hour strike Monday in the west coast shipyard here where cargo vessels are being built, was disclosed at a meeting of the Vancouver District Labor Council of the Canadian Congress of Labor.

Daniel O'Brien, general organizer for the Congress, told the council that about 70 per cent of the shipyard workers staged a sit-down strike until the management rehired a youthful steelworker who had been fired for what was termed a "trifling offense."

William D. McLaren, speaking for the company, said following the meeting that the dispute might have stopped work for an hour, but not for two hours as called by O'Brien. He said a delegation came to him at 10:30 Monday morning and that, "before noon they were all back to work." He charged that the incident was being "greatly magnified by some labor men who want to make trouble."

## 4 People Killed in Ontario Collision

CHAPLEAU, Ont. (CP)—Four persons were killed today in the collision of two freight trains on the main Canadian Pacific line, 50 miles west of this northern Ontario town.

P.O. HARRY BRAWN has been spending his leave with his parents, Mr. and Mrs. Frank Brawn, 151 Wellington Avenue, Born and educated in Victoria, he joined the R.C.A.F. in March, 1941. In training for overseas service, he won his wings at Clarendon, Alberta, on Dec. 29.

"Naval Old Pirates" is the name of the only Home Guard naval unit in Britain. They are manning an observation post on the Sussex coast.

## SIDE GLANCES

By Galbraith

Foreign Minister Oswald Aranha of Brazil, declared meanwhile that complete solidarity was essential to success of the conference.

"A rupture in harmony would mean that Pan Americanism has gone back 50 years," he said.

**PROPOSE BREAK**

Mexico's Foreign Minister, Ezequiel Padilla, disclosed Tuesday that his country, Colombia and Venezuela, had formed a bloc which would seek a united Pan-American severance of relations with "the nations at war with the United States."

He added: "There are three groups in this conference: Those Central American and Caribbean nations wishing an outright declaration of war; an opposite group desiring a declaration of a state of nonbelligerence, and the group, including Mexico, which will support a break in relations—the step which we believe is favored by the United States."

A diary of life in Fort William district in 1823-24 was discovered recently by Carson F. Piper and given to the Thunder Bay Historical Society.

## New York Stocks

NEW YORK (AP)—A little profit selling today threw the stock market off the forward pace followed in the previous session.

Stocks under water most of the day included U.S. Steel, Bethlehem, Youngstown Sheet, Sears Roebuck, Westinghouse, Anaconda, Kennecott, Phelps Dodge and Santa Fe. Given occasional support were Boeing, Douglas, American Can, Western Union and Texas Co.

Among Canadian stocks Hiram Walkers and Dome-Mines were fractionally higher while Canadian Pacific was easy.

## Moves to Weld Americas

RIO DE JANEIRO (AP)—Behind the scenes diplomacy aimed at welding the western hemisphere into a solid front against the Axis, occupied the attention today of representatives of 18 American republics assembled here for opening of the Pan-American Conference tomorrow.

Chief centre of interest was the assertion of acting President Ramon Castillo of Argentina at Buenos Aires Tuesday night that his government could not give assent to any military alliance or other "measures of belligerence" which might be proposed at the conference.

It was learned that Panama planned to present a proposal to the conference which would make effective article 15 of the Havana Conference, establishing a program for mutual assistance against aggression, but the extent of the proposal was not disclosed.

The Panama delegation also was expected to recommend certain economic measures to be taken both during and after the war.

Foreign Minister Oswald Aranha of Brazil, declared meanwhile that complete solidarity was essential to success of the conference.

"A rupture in harmony would mean that Pan Americanism has gone back 50 years," he said.

Mexico's Foreign Minister, Ezequiel Padilla, disclosed Tuesday that his country, Colombia and Venezuela, had formed a bloc which would seek a united Pan-American severance of relations with "the nations at war with the United States."

He added: "There are three groups in this conference: Those Central American and Caribbean nations wishing an outright declaration of war; an opposite group desiring a declaration of a state of nonbelligerence, and the group, including Mexico, which will support a break in relations—the step which we believe is favored by the United States."

A diary of life in Fort William district in 1823-24 was discovered recently by Carson F. Piper and given to the Thunder Bay Historical Society.

"I understand you boys are going to camp—here's a kiss to give my grandson, Sergeant Jones!"

London (AP)—British stock exchange today was closed for the day.

London (AP)—Bar silver 21 1/2, unchanged. (Equivalent 42 1/2 cents.)

## Noranda Adds 2 Pts.

MONTREAL (CP)—With the exception of metals, issues charted a narrow and mixed course up to the last hour today on the stock market.

Noranda picked up two points, and Consolidated Smelters edged up a fraction. C.P.R. dropped back a bit and Imperial was easier.

## Waite-Amulet Firms

TORONTO (CP)—Trading interest lagged today on the Toronto exchange and prices held about steady in the average. Base metal issues held narrowly to the up side but their light gains were balanced by small losses in other groups.

Waite-Amulet firmed 5 to 4.75 and slight gains appeared for Pend Oreille, Jack Waite, Alder, Mandy and Denison Nickel. Steep Rock slumped 5 to 1.83.

Calgary and Edmonton, Anglo-Canadian, Davies Pete, Okalta, Vermilion and British Dominion were among the soft spots.

## Wheat

WINNIPEG (CP)—In routine trading on Winnipeg Grain Exchange today Canadian wheat futures prices closed 1/4 higher to unchanged, with May finishing at 79 1/2 cents a bushel and July at 80 1/2.

Export of 500,000 bushels of Canadian wheat to the United Kingdom did not reflect on the market and outside of a little mill and United States buying, trade was dull during today's session. The export was taken on the basis of rate of exchange on futures. Chicago wheat was reported fractionally irregular, with both gains and losses shown.

In the cash wheat pit there was a transaction involving 800,000 bushels of No. 2 northern, apparently from headstock. There was no confirmation that this was export, and it was presumed straight investment purchase. A few stocks of lower grades were purchased for rail shipment east on a car lot basis.

Some buying by southern and eastern houses sent rye futures to the ceiling level of 63 1/2 during the session. Trade in oats and barley was light and routine and business in flax was mixed and unimportant.

### OUR BOARDING HOUSE, with Major Hoople

### OUT OUR WAY

By Williams

### Uncle Ray

#### Submarine Sank Union Vessel in Civil War

There were submarines long before the first World War started--back in the year 1914. Some time ago I told of an early submarine which was tested three centuries ago. It was the product of a Dutch inventor named Drebbel, and was tried in the Thames River.

We do not have many facts about that early submarine. Yet we are told that it passed under water, and was pushed forward by the work of 12 oarsmen. There also is a note that a "liquid" was used "to restore the troubled air." We may guess that the "liquid" gave off oxygen, since that gas is needed for people to breathe.

An English inventor named Day lost his life when he went under the water aboard a vessel of "50 tons burden." His death probably took place because he did not have enough oxygen.

We also read of an American named Bushnell who finished building a submarine a year later than the English inventor. Bushnell's plan was to provide an engine of war.

Robert Fulton, one of the pioneers of the steamboat, worked on the submarine. While in France, he produced one which "dived" into the Seine River to a depth of 25 feet. The men inside it obtained oxygen from compressed air. One day they stayed down four hours.

German submarine crew surrendering to British vessel in First World War.

Submarines were employed by the Confederates during the American Civil War. One of them sank a Union vessel.

The submarine did not mean much to the general public until the First World War. In that war it grew famous, or perhaps we might say "infamous."

Germany had copied the plan of the submarine, and had made it somewhat better. The Germans called it the "U-see boat," meaning "undersea boat." A short form of the name is "U-boat" and that is what it is called quite often.

The Germans wanted to destroy vessels which carried food and other supplies to the British. In that way they hoped to meet the blockade which was in force against their own country.

Many U-boats sank ocean liners which were carrying passengers. Thousands of men, women and children were drowned as a result.

During the war, the British found ways to meet the danger of the U-boats. Sometimes they disguised warships to look like merchant steamers. After sighting a U-boat, they would let down the false sides, and sometimes would sing the submarines.

### HOROSCOPE

JANUARY 15

Adverse aspects are noted for today. Jealousy may cause trouble. There may be quarrels and misunderstandings among young people. It is a poor time to make plans for a journey.

Persons whose birthdate it is have the augury of a happy year. Children born on this day may be energetic and resourceful.

### Better English

1. What is wrong with this sentence? "You will not be permitted to go except you do your work."
2. What is the correct pronunciation of "souffle" (cooking term)?
3. Which one of these words is misspelled? Creditable, egedable, credulous.
4. What does the word "prejudice" (noun) mean?
5. What is a word beginning with gh that means "horrible"?

Answers

1. Say, "unless you do your work." 2. Pronounce soo-flee, oo as in soon. 3. Creditable. 4. A judgment or opinion formed without due examination. (Pronounced pre-joo-dis, e as in bet, oo as in look, i as in it, accent first syllable). "Commerce tends to wear off those prejudices which maintain distinction and animosity between nations."—Robertson. 5. Ghastly.

City Vulnerable  
To Fire Bombs

Preponderance of wooden buildings in Victoria would make fire bombs the greatest menace in the event of an air raid, Air Commodore L. F. Stevenson, A.O.C., Western Air Command, told A.R.P. wardens of District 2d in Margaret Jenkins School Tuesday night.

Describing himself as "a casual observer who lived in the midst of A.R.P. workers for a year and a half," the Commodore who recently returned from England, gave the wardens the benefit of some of his observations during the blitz.

"In England," he said, "air raids have been met with just ordinary, common horse sense."

He pointed out that behind

DOES  
INDIGESTION  
WALLOP YOU  
BELOW THE BELT?

Help Your Forgotten "2d" For The Kind Of Relief That Helps Make You Rarin' To Go

More than half of your digestion is done below the belt—in your 18 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 2d feet" of bowels.

Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a slower flow of the 3 main digestive juices in your stomach AND bowels—help you digest what you have eaten in Nature's own way.

Then most folks get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—25¢.

## Drama Festivals

The Provincial Drama Association is arranging district festivals for the spring and fall in several parts of the province. In spite of war conditions there are still 101 active adult drama clubs, as well as 165 school drama groups, and these are encouraged to give all the support they can to the Red Cross and to war charities.

Three new festivals have been added. The Beta Sigma Phi will hold one for the Vancouver area and there will be two festivals specially for school drama clubs. Fifteen schools of Greater Vancouver have already entered plays, which will be seen on Feb. 2, 3, 4, 5 and 6.

The Victoria School Festival will be in the fourth week of March.

After 66 years' residence in Victoria, Mrs. Margaret Cessford, well-known pioneer of 736 Mary Street, Victoria West, passed away at her home yesterday in her 96th year.

Mrs. Cessford was born January 20, 1846, in Harvey, New Brunswick, and was Margaret Nesbit before her marriage. With her husband and five children she crossed the continent to San Francisco, and in June, 1875, arrived here on S.S. Pacific, which was lost a few months later with 300 lives.

She leaves two daughters and three sons: George Cessford, Edward Street; Mrs. J. C. Dodd, with whom she has resided since

## City Pioneer, 95, Passes

her husband's death; Mrs. M. Gleason of Seattle; T. C. Cessford in Washington State, and Jim Cessford in Alaska; also 7 grandchildren, 19 great-grandchildren and 3 great-great-grandchildren.

Ever since St. Paul's Presbyterian Church was built more than 50 years ago, she had been a regular and devoted attendant, and in the above photograph is shown cutting the anniversary cake at the church's golden jubilee in September last year. Rev. James Hyde, pastor of the church, will conduct the funeral service at Sands Mortuary Chapel Friday afternoon at 2; interment at Ross Bay.

## Sufferings Increase

Hungry Belgians  
Facing Epidemic

LONDON (CP)—Belgium, never a self-sustaining country, is on the verge of starvation, and an epidemic is expected this winter, according to Inbel-Free Belgian news agency.

"Even without the abundant evidence from independent sources, available medical reports concerning the health of the population point to such a conclusion," the agency said in a story describing privation in the German-occupied country.

## Big Wage-Payers

The pulp and paper industry pays out more money in wages and salaries than any other Canadian industry.
